for teens…

the benefits…

Kiwanis has positively impacted millions of people through its youth and young adult leadership programs. Senators, governors, university presidents, corporate executives, astronauts, athletes and coaches, and even a United States president, credit these programs as being the earliest, most influential leadership experience in their careers.

For each of these programs, one or more local Kiwanis clubs is directly involved in the program delivery at the local level.

These programs bring volunteer service directly into a school and the community. Involvement increases, student achievement improves, and the attitude of an entire school can be positively impacted.

Kiwanis International is headquartered in Indianapolis, Indiana USA. Kiwanis members in more than 8,000 clubs in 92 nations have dedicated themselves to serving the local, national, and global communities.
