In addition to the importance Kiwanians place on ethics, we adopt Object 6 of “The Objects of Kiwanis” which reads as follows:

Object 6 – To cooperate in creating and maintaining that sound public opinion and high idealism which make possible the increase of righteousness, justice, patriotism, and goodwill.

As Kiwanians we can work with other members of our community to maintain and create an atmosphere where the four listed attributes can exist. While no one of them is more important than another, there are few organizations which espouse the “old-fashioned” virtues of righteousness and patriotism. Even to speak of righteousness even in the non-religious sense of consistently choosing correct principles, seems to evoke sentiments of bias or favoritism of one religion or philosophy over another. However, all true religious and responsible philosophies teach the importance of making decisions which enhance society.

We are, of course, an international organization. We cannot expect Kiwanians in Taiwan, France, or Canada to favor the United States over their own country. There is room under the Kiwanis tent for members from many lands, all of whom are dedicated by law and conscience to their own country and government, even if it is a government, we as Americans may not endorse.

“Peace on earth, goodwill forward men” was the first message of the modern era. Those two phrases are interlocked and peace on earth, which mankind has yet to consistently attain, is dependent upon all persons having “goodwill” towards all others. As Kiwanians we are committed to that as an organization and we should be as individuals as well.

As an attorney, the concept of justice has been my life long concern. It is framed within the rubric of the “Rule of Law” which is nothing more or less than saying we believe in being governed by the strictures of laws not by the dictate of a person. When any society strays from the Rule of Law it embarks on a slippery slope down. As Kiwanians we reject the Rule of Man and embrace the Rule of Law.

RECRUITING AND RETAINING MEMBERS
Barbara Mullins, 2017 – 2018 Utah – Idaho District Governor-Elect

Now we’re headed toward the summer months when many of our clubs are busy with service projects or money-making projects. As you plan these projects use them as tools to reactivate Kiwanians or include new members so that they feel they are needed and can receive the rewards of serving others.

While your clubs are visible to the community during your projects…. Recruit, Recruit and Recruit.

From our Membership Development Manuel: “There is a greater chance member will value their membership more if they are drawn to active participation. New members’ first assigned duties should give them an early “taste of success” which will encourage a new member to do more.

The Utah District was organized March 24, 1919, at Salt Lake City. Salt Lake City appointed Alexander Eberhardt to act as governor. The Executive Committee of the International Board added Idaho to the territory of the district on November 27, 1920. (Continued on Page 3).
THE OBJECTS OF KIWANIS

The six permanent Objects of Kiwanis International were approved by Kiwanis club delegates at the 1924 Convention in Denver, Colorado. Through the succeeding decades, they have remained unchanged.

Object 1 - To give primacy to the human and spiritual rather than to the material values of life.

Object 2 - To encourage the daily living of the Golden Rule in all human relationships.

Object 3 - To promote the adoption and the application of higher social, business, and professional standards.

Object 4 - To develop, by precept and example, a more intelligent, aggressive, and serviceable citizenship.

Object 5 - To provide, through Kiwanis clubs, a practical means to form enduring friendships, to render altruistic service, and to build better communities.

Object 6 - To cooperate in creating and maintaining that sound public opinion and high idealism which make possible the increase of righteousness, justice, patriotism, and goodwill.

THE KIWANIS MISSION

Kiwanis empowers communities to improve the world by making lasting differences in the lives of children.

THE KIWANIS VISION

Kiwanis will be a positive influence in communities worldwide – so that one day, all children will wake up in communities that believe in them, nurture them and provide the support they need to thrive.
RECRUITING AND RETAINING MEMBERS
(Continued)

Clubs need two types of recruitment: ongoing and planned campaigns. An ongoing recruitment system will result in new members throughout the year. Membership campaigns are planned events to invite a greater number of new members at one time. Both play a crucial role in achieving your membership goals.

Clubs should strive to retain members and create a strong foundation to support growth efforts. Recruitment within a strong club will be fun and easy—not work—because members are satisfied and willing to help.”

I would like to repeat what I shared in our Mid-Year Training. Listen. Don’t be thinking of your response while they’re talking. Listen intently. Eye to eye contact (by the way you can’t get this by texting) enhances your communication. So….

have them take off those designer shades, look them straight in the eye and read what their interests and desires are and share how Kiwanis can fulfill those interests. Also share what is in your heart for Kiwanis.

Once again, Thank You for all you do for Kiwanis and the Children in your communities.

Governor Elect Barbara Mullins

At the Kiwanis Children’s Fund, one of our most important roles is to serve as a resource for other foundations in the Kiwanis family. We understand that your foundation has its own needs and values. And when we help you make the most of your resources, we make a bigger difference for children—together.

So, we’re providing this one-stop resource for downloadable documents that you can adapt to fit your foundation’s circumstances and meet charity evaluator standards. Model documents are currently targeted to United States foundations. We welcome questions and suggestions regarding resources we could include to help Kiwanis-family foundations outside the U.S.

Age to me means nothing. I can't get old; I'm working. I was old when I was twenty-one and out of work. As long as you're working, you stay young. When I'm in front of an audience, all that love and vitality sweeps over me and I forget my age.

- George Burns

Since 1940, the Kiwanis Children’s Fund has helped Kiwanians extend their impact—in their own hometowns and around the world. We do this by developing resources that transform the goodwill and vision of Kiwanians into programs that serve the children of the world. One of the ways we make it happen is our Club Grant program.

For the Children’s Fund, a grant does more than fill a funding gap. It’s a collaboration. Grant funding helps address an unmet need of children through a project that provides long-term benefits sustained by a club. Clubs interested in applying for a grant should review the program material carefully to learn about the Kiwanis Children’s Fund as a potential funding partner.
The Guide to Club Grants

Successfully applying for a club grant requires thoughtful preparation and thorough attention to the program’s criteria. The keys to preparing a successful grant application can be found in our Guide to Club Grants. This document walks you through each step of the grant process—providing instructions, detailed background information, important dates, helpful tips and links to additional resources.

Eligibility and requirements

Grant-funded projects must have a strong Kiwanis identity—and the Kiwanis club’s significant hands-on involvement. Projects must also support activities addressing at least one of the following Children’s Fund cause areas: health, education and youth leadership development. Complete eligibility requirements are outlined in the Guide to Club Grants.

Important dates

For June 1 funding decisions:
Submit LOI any time before February 1
If approved, submit full application by April 1

For October 1 funding decisions:
Submit LOI any time before June 1
If approved, submit full application by August 1

For January 1 funding decisions:
Submit LOI any time before September 1
If approved, submit full application by November 1

Additional resources

For additional support throughout the grant-seeking process, applicants can find links to useful resources in the Guide to Club Grants and on our resource page.

The impact of club grants

The goodwill and vision—and hard work—of Kiwanians are changing the world. Take a look at some of the previous projects that the Kiwanis Children’s Fund has supported.

We have no government armed with power capable of contending with human passions unbridled by morality and religion. Avarice, ambition, revenge or gallantry would break the strongest cords of our Constitution as a whale goes through a net. Our Constitution is designed only for a moral and religious people. It is wholly inadequate for any other.

- John Adams
Around the world, Kiwanis clubs make their communities better through more than 6 million hours of service each year. Every member represents 36 hours that improve lives every year. Think about what could happen if we all shared our Kiwanis stories—and inspired others to become a part of our movement to improve the world.

In addition to their hearts and hands, new members can bring new ideas, leadership and enthusiasm. Here are some tips for inspiring more people to join your Kiwanis club.

**Share your story**
You don’t need to know everything about Kiwanis. You just need to start with what it means to you—and then share that story, connecting on a personal level about addressing community needs.

After all, 74% of members joined a Kiwanis club because someone invited them—and for 48% of them, it was a friend or relative.

Your club can also host an open house or special guest day, or invite the community to take part in your Kiwanis One Day event or other club projects. Need ideas of who to invite?

- Follow up with people you met while doing a community survey.
- Conduct a roster analysis.
- Make a prospect list with a few simple prompts.

When you’re ready to invite them, we have resources to help you prepare for their visit.

**Talk about your impact**
Your club is making a positive impact in the community. Does the community know? If you don’t tell them, who will?

Regular communication about your activities will lead you to the name recognition your club deserves—and help attract more members. Posting pictures on your club’s Facebook page, updating your club’s website, using community calendars and sending press releases to local newspapers all help create awareness.

**Keep members for the long run**
When new members join, help them feel valued.

- Assign a mentor.
- Provide them with orientation.
- Get them involved early.
- Keep in touch with their ideas and opinions—survey them often.

For members who have become inactive, don’t forget to reMEMBER.

Of course, inviting or retaining members sometimes requires a little flexibility. Consider creating a club satellite to reach out to a different group of members or offering corporate memberships.
Flexible Membership Options

Things change. That’s why Kiwanis offers alternative membership options. Explore some ways to add members, not paperwork—and to keep current members engaged.

Corporate membership

Your club can offer corporate memberships to local organizations or companies. How it works:

- The organization joins the club as a member like an individual ordinarily would through a representative.
- The company is represented at meetings and events by a designated employee.
- If the designated employee changes jobs, a new employee can be designated to take his or her place without being charged a new member fee.

For companies interested in corporate social responsibility, this membership is appealing because of the value of affiliation with a well-respected service organization. The club wins too: The member represents company interests within the club and develops a relationship between the company, Kiwanis and other community groups.

Satellite members

Satellite members are an extension of your club. They typically meet at another time and often operate independently. They help clubs expand into a new area or demographic—particularly if the group isn’t large enough yet to become its own club.

How it works:

- Both the host club and its satellite members establish the guidelines of the relationship.
- The host club’s board authorizes service and fundraising activities and maintains financial oversight.
- By retaining the affiliation to the parent club, satellite members remain focused on their service impact rather than administrative concerns—making it a great option for busy lifestyles.
- Since they are still part of the host club, satellite members enjoy the benefits of Kiwanis, including elected positions, attendance at conventions, Kiwanis magazine and insurance coverage.

Building Leadership

Cultivate leadership potential in everyone

- Invite new members who are “doers.” Encourage them to give input for club activities and empower them to take action.
- Monitor accomplishments. Encourage members who took an active role in the success of a project or fundraiser to continue developing their skills by leading committees or taking on future roles as a club director or officer.
BUILDING LEADERSHIP (Continued)

• Appreciate jobs well done. Recognizing members and leaders for their hard work provides a “paycheck” for their service and often encourages future action.
• Promote mentoring. Encourage members showing interest in a leadership role to shadow the person currently filling the role.

What to look for

Among other things, great leaders are:

• Skilled listeners. They ask the right questions and listen carefully to the responses.
• Problem solvers. They know how to determine the right steps to take and what resources to use to address concerns.
• Passionate advocates. Their commitment to the Kiwanis mission is contagious.
• Visionaries. They inspire others to follow them even when they cannot see the end result.
• Change agents. They provide sufficient stability for the organization to operate while catalyzing transformation.
• Master communicators. They tell stories in a compelling and interesting way.
• Do-ers. They’re action-oriented, focusing on taking initiative and leading.

Prepare leaders for success

People are more willing to commit—and become better leaders—when they know the expectations of the position. Here are some keys for helping them:

• Establish a club culture. Set expectations for club leaders by setting them for the club itself—so people know they’ll be supported with training and education, recognized for their achievements and encouraged to work toward success.
• Develop a multi-year strategic plan. When the club has goals, people know how to work toward success.
• Provide orientation and training. Prepare people for their specific positions. A number of educational resources are available from Kiwanis International:
  ● Club leader tools
  ● Club leadership education
  ● Webinars
  ● Leadership Guide

CELEBRATE SUCCESS

We have a lot to celebrate. We’ve spent almost 100 years bringing smiles to the faces of children around the world. We’ve made our communities and our world a better and brighter place. Even now, we’re raising millions of dollars to help eliminate maternal and neonatal tetanus from the face of the Earth.

Thanks to Kiwanis-club members, Kiwanis is a powerful force for good. Let’s celebrate that progress—and praise those who are making it happen!

Recognizing club members’ accomplishments keeps them engaged and satisfied—and most importantly, motivated to continue improving their clubs and communities.

That’s why we’re developing a special recognition program associated with The Formula—to say thank you for making Kiwanis such an important part of your life.

Take a look at our blog to see how members like you are taking celebration-worthy steps toward making their clubs healthy, strong and relevant.

August 9 - 11, 2018

We encourage all Kiwanians in the Utah – Idaho District to attend this year’s District Convention in Twin Falls from August 9 through August 11. There will be break-out sessions on increasing club membership, keeping your club vital and vibrant, service opportunities in your community, how to be a better officer, board member, or club member and other useful sessions. We will have visitors from Kiwanis International as well as local instruction. There will be opportunities for interaction with your fellow Kiwanians, the Governor’s Quilt Raffle, and other fund-raising activities for our scholarships, so it will not just be limited to the business end of the convention. The following agenda is subject to change, but the basic parameters will not change.

Every day you may make progress. Every step may be fruitful. Yet there will stretch out before you an ever-lengthening, ever-ascending, ever-improving path. You know you will never get to the end of the journey. But this, so far from discouraging, only adds to the joy and glory of the climb.

March was a busy month for Division 6 with two projects with multiple clubs involved. The first project was the March for Meals on Wheels in Meridian, Idaho. The weather was awful, but the need was great so both Capital City Kiwanis and Gem State Kiwanis of Boise came out to support the Meals on Wheels. Every person who signed in and walked earned a $5 donation from Food Service of America to the Metro Meals on Wheels organization. We all got to use our gloves, hats and scarves in an attempt to stay warm before the walk. Over 750 people showed up for the on Saint Patrick's Day to earn a donation for the Metro Meals on Wheels. Since we all got cookies at the end, it was hard to complain about the weather.

On March 24th, 2018 Division 6 had a division wide project on Camel's Back Park in Boise. This park was adopted by Division 6 when Governor Hunter was Lt Governor for Division 6 and we have continued the sponsorship over the intervening years. Luckily the weather cooperated and was cool and windy but not rainy. We had Key Clubs from Emmett High School, Meridian Medical Arts High School and Capital High School participate along with Kiwanis members for Meridian Kiwanis, Gem State Kiwanis and Capital City Kiwanis. Altogether we had 54 participants moving mulch, spreading sand and fixing the volleyball pit. When we done the park looked like it was ready for another busy summer. This park is one the most utilized in Boise, and while we were working we got to see mountain bikers, track teams, road cyclists and dog lovers come and enjoy the park. Having so many helpers from the Key Clubs come on the first day of Spring Break really made this an enjoyable project.

TOOELE CLUBS SPONSORSHIP OF BONNEVILLE BOT ROBOTICS CLUB

The Bonneville Bot robotics club brought the robot that they made for the national competition held at the Maverick Center in West Valley City in March to the Tooele Club meeting on April 24th.

There are others on the team that could not make our meeting. The Tooele Club sponsors these young people and keeps them in business. The Robotics team members come from the three high schools in the Tooele area.

This is their own club and not part of the school system. They do this all on their own and do their own fundraising to compete. These fine young people have help from local volunteer mentors.

Three of the mentors have been from the Tooele Kiwanis Club.
The Canyon County Sheriff, Kieran Donahue, spoke to the Kiwanis Club of Nampa on April 19th. The Sheriff discussed a number of topics and took questions from the members. Discussed was the need for a new, larger jail in Canyon County along with funding ideas. Also discussed was inmate classification and how that effects who is booked into jail as well as those that remain out of jail during pre-trial. Sheriff Donahue also discussed the cost of housing state prisoners as well as housing, and transporting, Canyon County inmates in other counties as a result of insufficient space. Other topics included drugs in the valley and that our area is considered 1 of 26 high traffic/inflow areas in the country by Federal designation.

The Kiwanis Club of Nampa hosted speakers from the Nampa Schools Foundation on April 26th at the weekly luncheon. Discussed were ways that businesses can donate to the foundation at nearly every level and leverage their donation through a $2MM state matching fund. Also discussed were potential tax benefits of such donations. The speakers stated that 1400 Nampa students took college level classes in 2017-2018. Also, 64% of Boise State University graduates stay in the Treasure Valley. The Nampa Schools Foundation provides scholarships to students as well as classroom teachers for projects and necessary supplies.

It’s never too early to consider ways to recognize club leaders and notable members. Consider recognizing an individual with a George F. Hixson or Walter Zeller Fellowship gift to the Children’s Fund.
KIWANIS CHILDREN’S FUND IMPACT

We help make remarkable things happen for kids and communities around the world.

Kids need Kiwanis, and the Kiwanis Children's Fund helps you reach them—amplifying your impact in communities around the world. We are a trusted partner, staffed by experts. We know how to turn money into something much more meaningful.

We provide grants for disaster relief, Kiwanis Service Leadership Programs, club and district service projects, and the elimination of maternal and neonatal tetanus as well as iodine deficiency disorders.

Disaster Relief

We make sure that when disaster strikes, the Kiwanis family responds. Our simple application process makes it easy for clubs or districts to get disaster relief funding promptly. While others are forced to wait for funding and aid, Kiwanis clubs and districts can hit the ground running. They are often part of the community that has been struck—and better able to assess the most urgent needs of children and families affected.

Service Leadership Programs

We're helping build a stronger generation of leaders and service volunteers.

Since 2012, more than 40% of our grants have gone directly to support Kiwanis family programs such as Terrific Kids, Bringing Up Grades, Key Leader, Circle K International Leadership Academy, Key Club Breakthrough and Aktion Club Training and Leadership Conference. We also provide scholarships and project funding to CKI and Key Clubs, which amplify our service impact upon the world.

Club and district service projects

We help clubs and districts fulfill the unmet needs of children in their communities. Many communities struggle to meet all the needs of children. We provide grants for Kiwanis-led service projects that focus on health, education and youth leadership development.

The Eliminate Project

We are eliminating a painful, preventable disease that kills mothers and babies around the world.

In 2010, we teamed up with UNICEF to eliminate maternal and neonatal tetanus (MNT) from the face of the Earth. Once we eliminate MNT in the remaining countries, where thousands of babies still die each year, we will sustain our efforts so that it never returns.

Iodine Deficiency Disorders

We saw a mental health problem that could be cured, so we did it. Kiwanis teamed up with UNICEF in 1994 to address the leading preventable cause of mental disabilities—iodine deficiency. To date we've helped raise over US$100 million so that kids in developing countries can grow up free of mental retardation. We continue to sustain these efforts worldwide today.
"Kids Need Kiwanis" is Kiwanis International's brand campaign. The goal of the campaign is to make it clear that Kiwanis serves children and that we have fun together. Use the TV, radio, print, billboard and digital materials in your club or district social media, your website, local digital media or as traditional advertising or public service announcements (PSA). These materials are meant to be fun—and sometimes funny—to grab attention and show that while Kiwanis takes our work seriously, we don't take ourselves seriously. We have fun. We laugh. We meet kids needs, whatever and wherever they are.

Kiwanis brand book
The Kiwanis brand reflects our organization’s traditions and its time-tested mission. At the same time, it’s the latest statement of who we are. The Kiwanis “look”—including logo, colors and typefaces—is an important part of our brand. How we talk about Kiwanis matters just as much.

The Kiwanis brand book includes information about:
- Fonts: new and classic options
- Colors: featuring a brighter Kiwanis gold
- Messaging: How to talk or write about Kiwanis
- Production: Tips on working with local vendors
