## What is Kiwanis?

- Kiwanis is a global organisation of member volunteers working to improve the world, one child and one community at a time.
- Working together, our members achieve what one person or one small group could not accomplish alone.
- Kiwanis promotes & encourages high ethical standards in all human relationships, as it does the development of personal leadership skills. These lead to respectful, proficient and effective service- at home, at work, at school and in communities worldwide.
- We are unified in our belief that children and their communities benefit from the efforts of a proficient group of caring and involved volunteers.
- Kiwanis members are community service minded men and women, united in their commitment to and their compassion for the well-being of others.

## Kiwanis and Global Health

- Since 1994 Kiwanis partnered UNICEF by raising more than \$80 million in a global fight which eliminated iodine deficiency disorders- the leading preventable cause of mental retardation.
