Front cover: PV Rothbury on the Murray River at Mildura

Acknowledgement

Mildura Tourism acknowledges that we conduct our business (tourism) on the traditional lands of the Latji Latji, Yerre Yerre and Wergaia peoples of Victoria and also the Paakanjti, Mutthi Mutthi and Nygiampaa peoples of New South Wales. We also acknowledge and pay respects to the traditional owners and elders both past and present.

The standout appeal of Mildura is that it is set on the banks of the magnificent Murray River - Australia's most important waterway, it provides visitors with an irresistible choice of leisure activities.

From drifting aboard a houseboat, to enjoying fresh local produce and wines, a spot of golf or exploring the natural wonders that surround, Mildura has something for all.

Long-recognised as an important Australian food bowl, Mildura's vast surrounding agricultural districts are bursting with grapes, citrus fruits, almonds, olives, countless varieties of vegetables plus much more.

Closer to town, local restaurants and eateries celebrate the magnitude of locally grown produce and offer a truly cosmopolitan ambience. Our main eating precinct is aptly known as "Feast Street" ... not just for its food, but also for the generous selection of fine local wines - many of them award winners - that are so popular with locals and visitors alike.

A short walk in the city and your senses are drawn to our arts, culture and history. Art galleries, museums, a number of sculptures and historic sites are dotted throughout the city streets.

Mildura's big open skies, sun soaked days and welcoming locals will cast a long and lasting impression, leaving treasured memories of holidays here.

Some interesting Mildura fast facts:

- Regional population, around 60,000
- Major industries include agriculture, tourism, horticulture, manufacturing and retail.

The Mildura region grows the following percentages of Australia's fresh produce:

- Almost 100% of Australia's dried vine fruit (98%)
- 75% table grapes
- 68% almonds
- 48% pistachios
- 24% citrus
- 20% of wine grape crush
- 24% carrots
- 23% asparagus

Buronga/Mourquong

Cross the Murray River to New South Wales, only 5 minutes away is Mourquong, home of the Australian Inland Botanic Gardens - the first semi-arid botanic gardens in the Southern Hemisphere. The gardens feature a stunning display of plants set on 167 hectares, of which 48 are landscaped. Also included are nature trails, rose gardens, a spectacular bush chapel, shearing shed and gift shop.

Visitors to the nearby Orange World can learn about growing citrus and tour the orchards. In Buronga, visitors can explore the Buronga wetlands area and should also look out for the Varapodio Estate cellar door and café, where you can sample and purchase locally made, award winning olive oil varieties along with other boutique food and cosmetic products.

Gol Gol

Also in New South Wales, only a 10 minute drive from Mildura is the gorgeous township of Gol Gol, home to the peace and tranquility of a wide stretch of river and one of the region's best

pubs with spectacular Murray River views - the Gol Gol Hotel. You can pull up your houseboat at the hotel and wander up for dinner and drinks.

Nearby James King Park is a great spot for a picnic, complete with playground and is a popular setting out point for water skiers because of its boat ramp.

Explore nature's best, book a kayak tour of the surrounding billabongs and creeks to be inspired by the wide variety of bird life each adventure encounters (see the Tours section for details).

Trentham Cliffs

Just 15 minutes from Mildura, Trentham Cliffs is home to Trentham Estate, a boutique family-owned winery and restaurant beautifully situated on the banks of the Murray River. Trentham is recognised internationally and throughout Australia as producers of premium award winning wines. With its own mooring, you can arrive at Trentham Estate in style aboard your houseboat for a leisurely lunch or catch the PV Rothbury on Thursdays for a BBQ lunch, wine tasting and winery tour (see page 46 for details).

Dareton & Coomealla

Another short drive from Mildura are Dareton and Coomealla. These tight knit communities boast one of the region's best championship golf courses, Coomealla Golf Club, overlooking the Murray River.

Located only 25 kms from Mildura, Dareton is also home to the Coomealla Club which always ensures a good time with great meals and a wide variety of cabaret entertainment.

Wentworth

To the north-west of Mildura, just a 30 minute drive is the township of Wentworth, home to the spectacular junction of the Murray and Darling Rivers (see page 12 for more information), and a charming village brimming with history, attractions and a quirky arts scene.

Wentworth is also home to the breathtaking Perry Sandhills, in places up to 12 metres high and spanning 400 acres, a great day's free

entertainment for the family. You can step back in time when visiting historic buildings such as the Old Wentworth Gaol, the Courthouse, the Convent and the Customs House, and don't forget to stop at PS Ruby which has been lovingly restored. The Crown Hotel and Artback Gallery Cafe are great places to dine or have a refreshing ale. Families will also enjoy Pioneer World Museum with its mega fauna and Murray Cod display and Riverboat Rod's Model Paddle Steamer Display.

Merbein

Back in Victoria, within 10 minutes' drive from Mildura is Merbein. Well worth a visit, this charming irrigation village's main street has several quaint bric-a-brac shops and is home to a colourful country market, held on the third Sunday of each month. Visitors can spend a day at Merbein Common, popular with swimmers, boaters, anglers and picnickers. Or why not take in the gorgeous views of the Murray River via the Blandowski Walk from the Merbein Lookout.

Irymple/Nichols Point

Follow Fifteenth Street from Mildura just a few minutes along the Calder Highway to the outlying township of Irymple, where some food and wine treasures await you. Historic Chateau Mildura has a rustic cellar door offering award winning wines. Chateau Mildura is the birthplace of the region's wine industry, complete with a fascinating museum relating to both the district and Australia's wine history. Around the corner are Kings Billabong Lookout and Psyche Pumps, where you can see how the Mildura irrigation settlement began. There's shopping and fun to be had nearby at Woodsies Gem Shop which also features a crazy maze and cave for the kids. For golfers the scenic course at Riverside Golf Club is not to be missed.

Red Cliffs

Just 15 kms south of Mildura is relaxed Red Cliffs which has lost none of its old country-town character. Red Cliffs pays homage to its horticultural history through the proudly displayed 'Big Lizzie', a 45 tonne machine that was once used to clear the Mallee scrub; The Red Cliffs Military Museum; the photographic displays in the Historical Society Courthouse and the Red Cliffs Historical Steam Railway, an established family favourite. Red Cliffs also has a popular street market on the first Sunday of each month. Carringbush Glass Gallery, Nursery Ridge Estate Winery and Cappa Stone Wines are also worth a look and are perfect for souvenirs.

Ouyen

Located 100 kms south of Mildura, Ouyen is a dry-land farming town in the heart of the Mallee, surrounded by a beautiful array of national

parks including Wyperfeld, Hattah-Kulkyne and Murray-Sunset National Parks (see page 16 for details).

Visitors can also see the largest Mallee stump in Australia, which is located beside the Calder Highway in the heart of town.

Murrayville

Located on the Mallee Highway, 220 kms south-west of Mildura is Murrayville, a quaint rural town where the influx of four-wheel-drivers, naturalists and visitors makes this town of 550 busy. To the north of the town is the Murray-Sunset National Park (see page 16 for more information) and to the south, the Big Desert State Park. This part of the Mallee has so much to offer, including unique wildflowers (spring) and wildlife.

A short drive along the Mallee Highway and you can visit Kow Plains Homestead in Cowangie.

Cullulleraine

Cullulleraine is part of the Millewa region, which is a large agricultural area that contains a profusion of seasonal wildflowers and a unique history indicative of farming communities throughout the Victorian Mallee. Lake Cullulleraine, bordered by the Murray-Sunset National Park, the Murray River, Mildura and the South Australian border, offers great boating, fishing and recreational activities.

From Cullulleraine you can drive to Werrimull and stop at the pub for lunch or dinner, visit the Werrimull Catholic Church then drive on to Meringur which features historical reminders including the Millewa Community Pioneer Forest & Historic Village at Meringur.

Mallee Highway Touring Route

The Mallee Highway Touring Route stretches from Tooleybuc in NSW, heading west through a plethora of small Victorian country towns to Tailem Bend in South Australia. Considered the shortest route from Adelaide to Sydney, Canberra and the Snowfields, the track offers an abundance of hidden treasures with big skies and a rich agricultural landscape. The passionate and welcoming communities along the drive love sharing their unique offerings like the rare Malleefowl found in Murrayville, or Australia's largest mallee stump in Ouyen.

Starting at Tooleybuc, a small river oasis with golf, tennis, bowls and a great club, make your way through Piangil to the small town of Manangatang. Legendary for its annual country racing event, the "Manang Races" bring people from far and wide for a great day out. The 1916 Manangatang Railway Station, originally the prototype for thirty railway stations around Victoria, is well worth a visit along with other historic buildings showcased at this crossroads to the Mallee and Murray.

Ouyen, a busy dry land farming area in the heart of the Victorian Mallee producing wheat, barley and prime mallee lamb, is surrounded by national parks including Wyperfeld, Hattah-Kulkyne and Murray-Sunset National Parks alive with an abundance of drought-resistant wildflowers. In this quaint township go shopping, see a film at the restored ROXY theatre, or dine at the Club or Victoria Hotel for a real slice of country life.

Walpeup's (pronounced wol-pee-up) Memorial Hall houses a large collection of historic photographs of locals who served in both World Wars, a historic "welcome home" banner from the first world war and a beautiful hand crafted community sewn mural tapestry created in 1989. A wayside stop, corner of Creagan Street and Murphy Road, provides a well maintained spot for caravans or tents about 100 metres from Shubert's Walk, a nature walk alive with native trees and shrubs in their natural setting.

Known as the Gateway to the Pink Lakes and Murray-Sunset National Park, Underbool is alive in Spring teeming with an abundance of wildflowers, wildlife and birdlife. Best seen in winter, The Pink Lakes provide a perfect opportunity for a photo stop to capture their natural magic. The Underbool Hotel serves great meals while nearby caravan and camping facilities provide ideal spots to stay.

Further west, Kow Plains Homestead near Cowangie is a beautifully restored drop log construction homestead, one of the surviving Mallee colonial homesteads built around 1879 as a head station for Kow Plains. Heritage listed in 1989 the homestead was bestowed with an honourable mention in the UNESCO Asian Pacific Heritage awards in 2002.

Murrayville is great 4WD territory, well known by driving enthusiasts, naturalists and photographers as a popular location to experience the essence of the outback with its wildflowers, wildlife and sunsets. Located between the Murray-Sunset National Park and the Big Desert State Forest, Murrayville is home to diverse flora and fauna as well as grain and sheep farming. New, less conventional farming enterprises including olives, goats, permaculture and potatoes are emerging throughout this area.

Like many things in life, the Mallee's beauty is in the detail, just waiting to be explored from either east or west along this popular route.

www.malleehighway.com.au

getting here & around

Mildura sits on the borders of Victoria and New South Wales, and is only a short distance from the South Australian border. The region is well serviced by flights and coaches from Melbourne, Adelaide and Sydney. A network of major highways intersect at Mildura: the Calder Highway from Melbourne; the Sunraysia Highway from Ballarat; the Silver City Highway from Broken Hill; the Murray Valley Highway from Swan Hill; and the Sturt Highway from Adelaide in the west and Sydney from the north-east.

By Plane

QantasLink, Virgin Australia, and Regional Express operate daily return flights between Melbourne and Mildura. There are also direct flights to Mildura from Sydney, Broken Hill and Adelaide.

QantasLink www.qantas.com.au	13 13 13
Regional Express www.rex.com.au	13 17 13
Virgin Australia www.virginaustralia.com	13 67 89

By Train

Public Transport Victoria operates a train service between Melbourne and Swan Hill and Melbourne and Bendigo with connecting V/Line coaches to Mildura.

	Melb	Adel	Syd	Canb
Mildura	558	400	1027	810
Ouyen	450	450	1000	850
Wentworth	588	397	1062	912

The Darling and the Murray are Australia's two longest rivers. The Murray weaves its magic through three states, New South Wales, Victoria and South Australia.

In New South Wales, the Darling River flows through Menindee Lakes and Kinchega National Park, all the way south to the township of Pooncarie to join the Murray at Wentworth where the confluence creates a spectacular display of swirling waters. The confluence can be seen at Junction Park in Wentworth where the best vantage point is the viewing tower.

Take time to view one of the several weirs and locks along the river which are part of the Murray irrigation scheme. Originally constructed in the 1920s and 1930s, the system of weirs and locks were designed to provide stable levels for irrigation diversions and year round navigation for commercial cargo and paddle steamers. Today the locks serve an increasing number of houseboats, tourist cruise boats and other recreational craft as well as providing a stable water level all year round. Another unique way to explore the river is by hiring small river crafts like tinnies or hire boats.

See the Tours section for more ways of exploring this unique area.

river system*

Mungo National Park

Mungo National Park situated in NSW, only 146kms or a two-hour drive from Mildura, is the site of one of the world's most ancient and precious cultural treasures. Among Mungo's distinctive lunette landscapes are the resting place of many Aboriginal ancestors. It was here, in the eroding sediments, that the 42,000-year-old remains of Mungo Lady and Mungo Man were found. When they were discovered and "returned" from the deep past, Mungo Lady and Mungo Man re-wrote the book on Australia's ancient human history. The ritual burial sites are some of the oldest remains of modern humans to be found outside of Africa. Mungo Lady, who was discovered first, is the oldest known cremation in the world, representing the early emergence of humanity's spiritual beliefs.

Unless travelling with an organised tour, you will need your own transport to explore Mungo National Park. Unsealed roads link all the main features, over distances which are mostly unsuited to walking. However the central area of park facilities can be readily linked on foot.

A four wheel drive vehicle is not necessary in dry weather however some roads in and around the park may be closed after rain. The Walls of China Boardwalks are open to public access. Supervised access to the Walls of China beyond the boardwalk is available through the Park's Aboriginal Discovery Rangers or a licensed tour operator.

For information on Mungo visit
www.visitmungo.com.au

parks & nature

For nature lovers there's an abundance of distinctive nature based experiences within varying distances of Mildura; some only a few minutes away and others a couple of hours drive. Walking, cycling, bird watching, fishing, boating and camping are just some of the popular activities available in and around Mildura. The Victorian Mallee Parks cover over one million hectares and are extremely important for nature conservation because of their relatively undisturbed state.

Hattah-Kulkyne National Park and Murray-Kulkyne Park

About an hour's drive south east of Mildura are these two pristine parks nestled beside spectacular stretches of the Murray River. Centred on an impressive lakes system, these adjoining parks offer an abundance of wildlife, majestic River Red Gums, ancient Buloke trees and the distinctive Mallee for which this region is renowned. The park is ideal for canoeing, picnics, bike riding, walking or just relaxing in the tranquil settings, a birdwatcher's delight with over 200 bird species including the rare Mallee Fowl which breed in the park.

Murray-Sunset National Park

Victoria's own 'outback', Murray-Sunset National Park, stretches from the Murray River at Lindsay Island in the north and south to the Pink Lakes near Underbool. It's great for 4WD and some 2WD touring, bushwalking and camping. The park has a fascinating history, abundant wildlife such as red kangaroos and emus, and beautiful spring wildflowers. Within an hour's drive of Mildura, it is one of the few remaining semi-arid regions in the world where the environment is relatively untouched. With its wide open landscapes, breathtaking sunsets and starry nights, its vastness and isolation, it is certainly worth spending a night. Home to the spectacular Pink Lakes, these four lakes off the Mallee Highway are filled with very saline underground water; the extraordinary pinkish/reddish colour is formed by a tiny critter called Dunaliella Salina, algae that produce the red colouring to protect its cells from the sun. This colour is most intense on overcast days - great for photography buffs.

For further information on this drive visit:
www.iconic4wd.com.au

Murray River Islands

In the north of the park sit a series of islands - Wallpolla, Lindsay and Mulcra. They sit in the Murray River floodplain and include River Red Gums, salt bush plains, seasonal lakes and grasslands. Middens and hearths remain from Aboriginal occupation and the land has previously been used for grazing and forestry since European settlement. Activities include fishing (a Victorian fishing licence is required), boating and camping. Access is via the Old Mail Route Road (Dry weather tracks only), this road is accessible via various turn offs from the Sturt Highway at Merbein, Cullulleraine and near the South Australian border.

Kings Billabong Park

Bordered by a wide stretch of the Murray River, home to majestic River Red Gums and a fantastic variety of birdlife, Kings Billabong is an ideal place to discover nature and its history within minutes of Mildura. Kings Billabong took its name from Captain James King, who navigated the Murray River and its tributaries in the late 19th century. Home to the original pumping station, Psyche Pumps, there are a number of historical sites within the park to view. It is a popular spot for bird watching, canoeing/kayaking, bushwalking, photography, fishing, cycling and picnics.

Red Cliffs Scenic Reserve

The town of Red Cliffs is named after the majestic cliffs located just 5km east of the township on the mighty Murray. There are excellent photo opportunities of the cliffs and the Murray River at the Red Gum Gully Boardwalk and the viewing platform at Snake Gully.

Karadoc Beaches

The sandy beaches near the town of Karadoc provide good access for sail and power boating, canoeing and swimming. There are opportunities to see Aboriginal scar trees and middens. Camping and horse riding are permitted and dogs are allowed in the area.

Merbein Common

Riverbank vegetation, billabongs and native pine cover this original pumping site, which once serviced the Merbein irrigation area. Today you will find the Merbein Common one of our more enjoyable recreational areas - great for barbecues, boating, fishing and swimming. Walking tracks from the common lead to Chaffey Landing at the beginning of the newly opened Blandowski Walk which connects you with the Merbein Lookout. Access to the common is via a sealed road 5km from Merbein.

Wyperfeld National Park

Wyperfeld is one of Australia's most fascinating national parks and is about a three hour drive south of Mildura. This vast Mallee park is a place of endless space with three distinct landscapes each offering a new experience: Big Desert country to the west; Mallee to the east; and floodplains and shifting sand dunes to the north. Autumn, winter or spring is the best time to visit and there is plenty of country to cover for 4WD enthusiasts. The central feature of this huge 356,800 hectare park is a chain of dry lake beds.

For information on these Victorian Parks contact Parks Victoria on 13 19 63 or visit www.parkweb.vic.gov.au

Lake Cullulleraine

As locals say 'The Lake' is a great spot for a picnic or if travelling, an overnight stop between Mildura

and Renmark/Paringa. Only a 45 minute drive west from Mildura, the lake is like an oasis in the Mallee farming area. It features walking and canoe trails with sporting grounds in a park setting. The lake is natural but is kept filled from Lock 9 on the Murray River. Activities include boating (sail and power boats), swimming, picnics, camping and caravans (powered sites available). Access is via the township of Cullulleraine.

Perry Sandhills

The Perry Sandhills, named after George Perry the first land commissioner to serve this area, are a unique land formation of 400 acres of continuously shifting sand dunes. Located just outside of Wentworth on the Old Renmark Road. Take the family out for a picnic or fun sliding down the dunes. Only 6 kms from the junction of Australia's two greatest rivers, the Murray and Darling, yet standing in the middle of the sandhills you could be in the Sahara Desert!

Etiwanda Wetlands

The Etiwanda Wetlands on Mildura's city fringe is only a short drive or walk from the CBD at the river end of Etiwanda Avenue. It is a tranquil spot for bushwalking, cycling and bird watching.

The 16 hectare site features a series of ponds and an abundance of native plants. A network of walking trails, complete with bridges and boardwalks wind their way throughout the wetlands and a bird hide sits amongst shrubs on the bank of a pond for keen birdwatchers.

Apex Beach

Visitors are often surprised to find pristine, white sandy beaches along the Murray River that are surrounded by native flora and provide places to swim. Apex Beach also has a boat ramp. There is a great walking/cycling track from the Old Mildura Homestead along the river to Apex Beach.

Australian Inland Botanic Gardens

The beautiful and unique Australian Inland Botanic Gardens, is an ideal place to enjoy a botanical experience with plants from many corners of the globe as well as indigenous specimens scattered throughout the 167 hectare site. The Gardens are home to a large number of birds and you can enjoy their song in the stillness of the moment, surrounded by the colours of nature. The Australian Inland Botanic Gardens offers a refuge from the modern world and visitors

can enjoy a picnic under the tall eucalypts, coffee and great food, a stroll through the grounds to discover the vibrant display of red and black Sturt's Desert Pea in season, 1600 colourful roses in spectacular bloom from October to June or an array of botanic wonders on show throughout the year. The gardens located on River Road in Wentworth Shire's Mourquong 5 km northwest of Buronga are a 10 minute drive from Mildura.

Parks, picnic spots and playgrounds

There are a number of parks, picnic spots and playgrounds in our region where you can take family and friends. Mildura's recent Riverfront development now provides a connection to the river from the CBD at Langtree Avenue via a pedestrian promenade crossing the railway line. Walkways along the riverfront allow walkers, joggers, dog walkers and families to stroll to parklands with water-play areas, skate park, and picnic and barbeque areas. At completion the development will include a riverside restaurant designed to provide diners great views of the river in a relaxing casual atmosphere.

Mildura Business Events and Conferencing

MILDURA

Mildura isn't just a great tourist and holiday destination – the region is the perfect place for conferences and business events, too. Whether it's a convention, exhibition, seminar, symposium, workshop or meeting you're planning, Mildura's warm climate and accessible location make it the ideal choice.

A growing number of organisations from across the nation are choosing the Sunraysia city for large functions – from the Lions Club of Australia and Rotary, to Ulysses and the Murray-Darling Association. With more than 40 different venues, air links to Melbourne, Sydney and Adelaide, a full range of accommodation options and unique pre and post-conference touring activities available, it's obvious why Mildura is the top choice for so many businesses, groups and organisations.

A complete range of professional support services are also available to help business event and conference planners with every aspect of their Mildura events. Mildura Business Events and Conferencing can assist with bid presentations, site inspections, referrals, liaison with Council, accommodation options, tours and promotional material to attract delegates to the region.

The Mildura Business Events Planners Guide is also available and is a valuable resource for anyone considering Mildura for their next conference or business event.

Red Cliffs Golf Club

Red Cliffs MAP 2 J9

The club is the only recreational facility in Sunraysia that offers both golf and Footgolf. Footgolf is similar to golf but players kick a soccer ball into a much larger hole. Both games are played in gently undulating wide, open grass fairways surrounded by native mallee and pine bushland. The fully grassed course features water hazards that are home to abundant native bird life. Visitors are always welcome to join the club golf competitions held on Wednesday, Saturday & Sunday throughout the year. Social golf and Footgolf can be played seven days a week.

history & heritage

The Mildura Sculpture Triennials

Visitors to Mildura can't help but notice the number of substantial modern sculptures in public areas. These are the legacy of a series of remarkable events known broadly as The Mildura Sculpture Triennials. It all began modestly in 1961 as the Mildara Prize for Sculpture (Mildara was the sponsoring wine company) and in 1964 became the Mildura Sculpture Triennial, then finally in 1970 Sculpturescape. It was the first event to promote and encourage large scale contemporary sculpture, site-specific installations and performance art in Australia and was quite unique in the history of Australian art. To find out more visit Mildura Arts Centre, 199 Cureton Avenue, Mildura.

Art Deco Walking Tour

Many significant buildings in Mildura and the outlying areas exhibit features that were either built during the Art Deco period (1920 - 1950) or were influenced by the style. This walking tour is an introduction to the Art Deco heritage

still found in and around Mildura. Following the establishment of the irrigation colony in 1887, the first buildings in Mildura were in the Victorian and later the Federation style employing local red brick, corrugated iron roofs and wide verandas. Between the First and Second World Wars, the three architectural styles emerged (Federation, Victorian and Art Deco) in both housing and commercial buildings in Mildura up until the 1950's. The Art Deco Walking Tour brochure and map is available from the Mildura Visitor Information Centre.

Kow Plains Homestead

Just 100 kms south of Mildura begins what is known as 'sunset country'. On the border of Murray-Sunset National Park, on the Mallee Highway, lies a small town called Cowangie. Home to the restored, heritage listed, 1860's remains of the historic drop log Kow Plains Homestead - yes originally Cow Plains, but the name was surprisingly changed by authorities - an evocative remnant of settlement life in one of the most remote parts of the state.

Millewa Pioneer Village

Just over 95 kms west of Mildura on the Millewa Road at Meringur live the proud wheat farming descendants of the Millewa region's early pioneering families. Developed and maintained by the keen descendants, the Millewa Pioneer Village is a well-designed reconstruction of a turn-of-the-century village settlement set on 12 hectares of local bushland.

Wentworth National Trust Heritage Walk/Drive Trail

Visitors can collect a map from the Wentworth Visitor Information Centre and enjoy strolling the streets of Wentworth at their leisure.

The township of Wentworth has a rich history and this is the perfect way to unlock some of the secrets of its past. Did you know that during the 1880's due to its thriving and bustling status as a river port, Wentworth was seriously considered to become the nation's capital city?

Thegoa Lagoon Trails

Thegoa Lagoon and Reserve is significant to the Aboriginal community due to its location at the junction of the Murray and Darling Rivers. Walks and self-drive tours through the lagoon highlight the diverse native flora and fauna as well as numerous sites of interest including burial sites, scarred trees, middens and campsite remnants.

Murray River Salt

Murray River Salt began producing premium gourmet salt flakes by utilising concentrated brine from the Mourquong Salt Mitigation Basin, located 13 kilometres northwest of Mildura in New South Wales. The Murray River Gourmet Salt Flakes are a natural pink colour packed with minerals, loved and known by foodies and chefs across Australia as an essential ingredient for the pantry. Book a tour with Discover Mildura to see where the region's famous Murray River Salt is grown and harvested.

The Chaffey Trail

The Chaffey Trail tells the story of how Mildura became Australia's first irrigated settlement in the midst of an arid land. Brothers George and William Chaffey were developing an irrigation settlement in Ontario, California when they met the Victorian Cabinet Minister Alfred Deakin. Deakin was appointed by the Victorian Parliament to visit America on a fact finding mission.

The Chaffey's model irrigation settlement impressed Deakin who in turn impressed them with the potential for irrigation from the Murray River in Australia.

The Chaffey brothers subsequently came to Australia and, after protracted negotiation, in 1887 purchased a then defunct pastoral lease to create the Mildura Irrigation Colony.

The Chaffey's adapted the plan of Ontario to the present site of Mildura. They developed a series of steam-driven pumps to lift the water from the Murray River, first into Kings Billabong then

subsequently to various heights to irrigate up to 33,000 acres. The Psyche Pumps (many believe the name came from Greek mythology: Psyche was the goddess of the soul) were a revolutionary design of George Chaffey. It was a triple expansion steam engine connected to three centrifugal pumps and driven by a wood burning boiler.

Visitors to the pumps can experience the original pump house, reconstructed pumps, steam engine and boiler house.

The Chaffey brothers wanted to make Mildura a vibrant community. Their plans included many visionary concepts. Today visitors can follow the self-drive Chaffey Trail to more than nine fascinating historical landmarks including Rio Vista Historic House and the Old Mildura Homestead.

Further information is available from the Mildura Visitor Information Centre or at www.visitmildura.com.au

attractions

Gol Gol Hotel

GOL GOL MAP 2 L5

WINNER TOURIST PUBS CATEGORY INLAND NSW TOURISM AWARDS 2013.

The award winning Gol Gol Hotel is located on the magnificent Murray River at Gol Gol in NSW only 10 minutes from Mildura. The "Gollie" has a long history of excellent hospitality and entertainment.

First licensed in 1877 it is one of the region's oldest venues which serviced the paddle steamers and Cobb & Co runs of yesteryear.

Today the Hotel provides both visitors and locals with fantastic casual dining featuring contemporary Australian cuisine and grills, whilst overlooking the Murray River; bookings are advised particularly during holiday periods and weekends.

The Sports Bar upholds all the best traditions of a great country pub. It boasts a well-appointed TAB, Sky Channel Fox Sports, Fox Footy and big screen TVs for the not-to-be missed sporting events. The well-stocked Thirsty Camel Bottle Shop is open from 10am to late daily and features a wide range of local wines.

Houseboats are welcomed with lawned mooring sites and power available. The Gol Gol Hotel is the complete entertainment venue for the whole family.

Trentham Estate Winery

TRENTHAM MAP 2 M7

Over half a century ago, the first vines were planted at Trentham Cliffs in far western New South Wales. From these early beginnings Jack Murphy instilled his knowledge of viticulture to his family, who established Trentham Estate. The vineyards flourished in the rich red loam over limestone soils nurtured by water from the magnificent Murray River. The Murphys today continue the tradition, with Pat Murphy guiding the vineyards with exciting new varieties such as Vermentino and Maestri and improved clones of the more traditional varieties. With these quality grapes the winemaking team, headed by Anthony Murphy, produce varietal wines which have become renowned for their flavour and palatability. Take the 15 minute drive from Mildura or a fantastic river cruise to the Estate - you won't be disappointed! Trentham is recognised as one of Mildura's must-visit tourism destinations where you can taste and buy the Estate's wine at the Cellar Door, savour local cuisine at its finest in the Restaurant, or enjoy a gourmet share plate on the lawns overlooking the mighty Murray.

Cellar Door open 7 days 10am - 5pm

Restaurant open for lunch Wednesday - Sunday

Fully-catered cook-your-own BBQs - Thursday, Saturday & Sunday

Buronga Riverside Caravan Park

●●●● self-rated

BURONGA MAP 2 J5

Buronga Riverside Caravan Park is located opposite the Mildura Wharf on the NSW side of the Murray River and is the closest park to the Mildura CDB. This Family Park has the most relaxing atmosphere set on twenty three acres of natural bushland and abundant wildlife. Winner "Family Park of the Year" 2008, 2009, 2010 and again in 2013 as well as listed in top 10 parks in Australia in the Caravan & Motorhome magazine 2013.

With over 140 spacious powered sites (26 which are absolute riverfront). We cater for all from one man tents to large motorhomes. Drive thru sites are also plentiful. Our amenities are second to none in the district. Standard and ensuite cabins are available as well as 7 brand new riverfront villas.

Sit and watch paddle steamers cruise up and down the river from your own site by day and take in the reflection of the Mildura lights by night. A four knot speed limit on the river ensures you do not have speedboats at all hours.

We also have:

2 swimming pools, jumping pillow, free gas BBQs and gas bottle refills. Fishing from our riverbanks and boat ramp available. Ice, bait and a well-stocked kiosk. Pets welcome. **Bookings are essential**

Help us keep Fruit Fly out

To help protect fruit and vegetable growing regions in South Australia, northern Victoria and southern New South Wales, areas of these states are protected by the Fruit Fly Quarantine Zone (SA), the Greater Sunraysia Pest Free Area (VIC/NSW).

Be fruit fly aware - don't travel into protected areas of Victoria, New South Wales and South Australia with fruit or vegetables! Fixed and random roadblocks operate in protected areas. On the spot fines may be issued.

This map shows the Greater Sunraysia Pest Free Area (PFA) a zone located between north-west Victoria and south-west New South Wales and the Fruit Fly Quarantine Zone SA.

Keep your valuables safe

Please enjoy your time in our region, it is a great holiday destination but just like your home town, people may be looking for an opportunity and take advantage of your trip. Please remember to adopt basic crime prevention measures as you would at home.

- Lock doors (cars & accommodation) and
- Keep valuables secure (bikes/recreational gear /portable fridges/jewellery & cash)

information

Climate

Mildura has a typical Mediterranean climate with dry summers and mild winters. Summer temperatures vary, but 35-40 degrees is common. Most rain falls between May and October with average annual rainfall approximately 282mm. The spring and autumn months bring warm days and cool nights.

Caring for the outback

Learning to tread softly in the bush can minimise damage to the natural environment. You can help by using facilities provided and keeping to existing tracks. Visiting reserves outside of peak periods can also help reduce the overall impact.

Driving tips

Ensure your vehicle is in excellent mechanical condition before setting out on an outback adventure. Carry spare belts, hoses, emergency water, food and fuel supplies. In the event of a breakdown, or if lost, stay with your vehicle. When travelling on unsealed roads exercise caution and 'read' the road well ahead of the vehicle.

Fishing licenses

To fish in the Murray River, you are required by law to pay the NSW Recreational Fishing Fee and have the receipt for payment of the current fee in your immediate possession. You can pay the fishing fee at the Mildura Visitor Information Centre and at most tackle outlets or by phoning: 1300 550 474 or online: www.dpi.nsw.gov.au.

For information on fishing in Victorian waterways visit: www.dpi.vic.gov.au/fisheries.

This publication combines independent motivational text, pictures and maps with a comprehensive selection of our region's finest tourism attractions, tours, hospitality and accommodation businesses who have chosen to advertise in this Official Visitor Guide. However, numerous other respected tourism providers who may not appear as advertisers also operate quality businesses that visitors can consider. For further details of the vast selection of all tourism operators, products, experiences and offerings available throughout the region contact our accredited Visitor Information Centres in Mildura or Wentworth.
