How it works:

Residents submit their application and payment. Please include any special notes, such as whether you have a sprinkler system. Before the next holiday, we call to verify locations for base installation. After we receive the okay, a team will come to install the 8" PVC base in your yard. A red cap will be put on the end. Your mower will not hit the pipe or cap! A couple of days prior to each holiday, the flags are placed in yards. Depending on weather, dry flags are retrieved and stored properly.

Please print neatly!
