**New dues invoicing software** has recently been put into use by Anna Bacho. Anna has been working with the Kiwanis International program for several months and although there have been hiccups along the way; Anna is working her way through very well. Your patients, understanding and full cooperation are greatly appreciated. Basically the program will send out dues reminders, record that you have received the reminder and then, finally, record your dues payment all this to reduce the amount of time and paperwork for record keeping. Keeping your dues current is still each member's responsibility and Anna does appreciate your prompt dues payments.

Thanks to Anna for her very strong effort.

**The Lakewood Kiwanis Scholarship Foundation's 2015 scholarship application is now available on-line at the KCL Website.**

Applicants are required to follow the very specific instructions that are included with the application. Scholarships are available to high school graduates who are Lakewood residents. The application is in Microsoft Word format; it may be filled in on-line, saved and returned as an email attachment.

**Due to the cancellation of the Board meeting last Thursday,** because of the cold weather and the closing of the Board of Education building, the Board meeting will be held during our regular meeting today, January 13. Following the meeting the Board will meet to discuss additional items on its agenda.

**Today's Quiz**

**Q:** When was the zipper invented?

**A:** Whitcomb Judson, an engineer from Chicago, patented the first zipper in 1893 and exhibited it at the Chicago World's Fair. However, the new invention didn't catch on until B.F. Goodrich put zippers on its new product - rubber galoshes. Goodrich also coined the term "zipper". Until then, zippers were called "hookless fasteners".
