

Opportunities

Our Club offers its members a number of opportunities:

- Participating with members representing a cross-section of our communities;
- Socializing with other members at dinners, service projects and fund-raising events;
- Being informed by a variety of program speakers at our dinner meetings;
- Actively participating in service projects focusing, primarily, on the needs of the children in our communities ... and (through Kiwanis International) in many areas of the world; and
- Helping our communities through being involved in fund-raising projects to underwrite our service projects and programs.
