

# KIWANOGRAM

## Guests:

Carol Keller, member of the Belleville Kiwanis Club.

## Program:

Joyal Holder, the network administrator at Kiesling Associates, discussed the preservation of photos and movies by converting them to an electronic format for nearly permanent records. His primary focus has been family records to be shared with future generations. He encouraged members to store old movies and photos in a cool place in your house and not the attic for the best preservation.

Joyal's business, Holder Printworks, converts old photos and movies to electronic format. Old formats he can convert include eight and sixteen millimeter movies, various video tapes, photographs and slides. He is able do limited repair on damaged photos.

Bob Richardson and Joyal Holder, today's speaker
