

Kiwanis Club of Madison West

# KIWANOGRAM

**Guests:** Bill Gingher (Son-in-law of Bob Matheson, former Madison West Kiwanian) and Anna Mofft (Son received an i-Pad from Madison West Kiwanis), guests of **Ken Saville**.

**Program:** Andrew Kydd, UW-Madison Political Science Professor, described the North Korean relationship with our country and countries in the Korean area. He did focus on the nuclear weapons build-up in North Korea.

He described four possible outcomes with the US dealing with the nuclearization of North Korea:

1. Negotiation – very unlikely, North Korea will not disband nuclear weapons, their concern for government overthrow.
2. Sanctions – China does not support and will not be effective.
3. Attack North Korea before the they are capable of detonating nuclear warhead transported by a rocket. Concern for a large number of casualties in South Korea, Seoul-large population near the border.
4. Nuclear deterrence – most likely to succeed, countries agree not to use nuclear weapons on each other. It works with India and Pakistan.

Professor Andrew Kydd
