

PS No Wool Yarn and Only New Beanie Babies with tags

Pattern for Magic Hugs Square

Use 10 ½ or 11 needles.. Cast on 40 stitches. Knit every row for 72 rows or as many as you need to measure 12 inches. Change your yarn whenever you feel like it. You can make even patterns or just a mish mash. You can't make it wrong. The only criteria are that when you are making this square you are feeling peaceful, hopeful, strong and loving. If you are watching T.V. make sure it's a funny or heartwarming show. Don't knit when you are angry. Remember, these squares are going to children who need the energy you are putting into them. Don't worry if your square comes out uneven or misshapen. I will be blocking them all to size when I attach the Magic Hugs note. This note reads:

Magic Hugs Square

This magic blanket was made especially for you. It is made out of hugs. When you are sad or mad or scared or bored, hold this square close to you and it will give you the comfort of a million hugs. It will love you no matter what!
