Illustrated below are two examples of club officer installations. Format I provides a verbatim ceremony. Format II is in outline form and incorporates a suitable oath. Use whatever format or combination of formats is appropriate for your needs.

## FORMAT I

“Ladies and Gentlemen: When your club was formed it was created with high ideals. It was established to promote the purpose of our organization and all that it symbolizes; to accelerate active interest in good government; to plan and participate in needed community service activities; to inspire respect for law; to promote patriotism; to help develop friendship and understanding toward people throughout the world; and, to the maximum extent of your ability - both personally and as organized Optimists - to aid and encourage all activities and measures that contribute to a better future for the youth of our nations.

Never in history has the active participation of informed citizens been so necessary to a form of government, a way of life, progress, even our very existence. There is a growing need for vigorous action by people through the teamwork of Optimist Clubs. We may not always agree to what is planned and what occurs, but we must take part. No one can sit in the grandstand while things are being planned, decided and accomplished.

On behalf of your members, your predecessors, and the leadership of Optimist International, I challenge each and every one of you - as the officers and directors of this club - to provide the leadership, inspiration, recognition and initiative necessary to elevate and maintain your club in its proper position in community affairs, and to achieve a level of administrative efficiency and effectiveness that will reward the club with recognition as a Distinguished Club.

With this challenge to you and the privilege granted me by your members and Optimist International, I hereby declare each and every one of you officially installed in your respective offices. My compliments to each of you and best wishes for a most successful year.”
