

# **The Lieutenant Governor's Creed**

I promise myself...

- ♥ To be so strong that my zone and clubs will get their reports in on time.
  - ♥ To keep well informed on club, district, and international affairs.
  - ♥ To make all of my zone and “super zone” meetings a genuine exchange of ideas and experiences in club activities.
  - ♥ To wear a cheerful smile but carry a big stick to see that my zone is adequately represented at all district affairs.
  - ♥ To forget the mistakes of the past and press on to a solid future.
  - ♥ To think only of the best of my zone and expect success of my clubs.
  - ♥ To look at the sunny side of new club building for at least one club in my zone.
  - ♥ To give so much time to advise and counsel my Club Presidents that they have no time to be mediocre.
  - ♥ To talk honor and distinguished club to every optimist leader I meet.
  - ♥ To be too large for resistance, too noble for criticism, too strong for defeat and too enterprising to permit the presence of procrastination.
