## Project Eliminate

Project Eliminate, the latest international Kiwanis' campaign to wipe out maternal and neonatal tetanus is well underway. Fundraising has been very successful the past year and many members have been designated as Walter Zeller Fellows. This honor is named for Walter Zeller, who in 1940 gave the first gift to the Kiwanis International Foundation. If a member gives \$1250 towards the Eliminate Project he./ he will be designated as a Zeller Fellow. You have until September 30, 2012 to make this donation and it may be made in increments. In recognition of this extra effort, one will receive a special medallion, a pin and a certificate. For further information go to the Kiwanis International website – [www.kiwanis.org](http://www.kiwanis.org).

This week we have a representative from the Downtown Wheaton Association. This is very timely considering all the stories in the local press concerning the TIF district and future of DWA.

Invocations: Nov. 8 – Reed Greenagel, Nov 15 – Marty Jepson; Nov. 22 – Gil Lehman.
