## Sensory Playground Grant

The Sensory Playground Garden is off and running. Thanks to Cindy Keck and the Wheaton Park District a \$150,000 grant was awarded the project. Landscape Structures, a playground equipment specialist and Shane's Inspiration of Sherman Oaks California sponsored the essay contest. As a result \$100,000 in playground equipment from Landscape Structures and \$50,000 from Shane's Inspiration in design work will help promote the playground and get the playground on the road to completion. Kudos to Cindy for all of her efforts.

Rosemary Swanson, President of the Wheaton Warrenville School Board will visit the Club this Tuesday. Since 70% of our property tax bill goes to the school district, we should have many questions.

Invocations: Oct. 25 -Paul Stevens; Nov. 1 – Howard Wonser; Nov. 8 – Reed Greenagel.
