21st CENTURY LEADERSHIP SKILLS
Ninety-three percent of Americans agree on one thing – that there is a lack of civility in society today. Two-thirds believe it is a major problem. One in six Americans is not speaking to family members because of differences of opinion. Kiwanis, both at the International level and at the club level, is affected by this perceived lack of civility. In fact, almost every organization is affected by this. Churches, community organizations, and even bowling leagues are experiencing big losses of membership. The lack of civility may be one of the biggest culprits. People just don’t trust that members will be kind or even civil toward them.

Kiwanis clubs must develop and promote themselves as having positive, respect-based cultures. Of course, not every club has even a small issue with this. Civility starts with the leadership. Having difficult, but necessary, conversations while being able to recognize the humanity in others is a real leadership talent. To have accountability without shaming or micromanaging are other great leadership skills. These talents and skills can be learned and developed, however. Leadership development in the 21st century mandates successful organizations of every ilk address these issues. Not many people know and practice this kind of leadership in their daily lives. How can our leaders at every level improve their leadership? Leadership is a lifelong commitment to learning. There is nothing “once-and-done” about it. Even if you learned service leadership at some point in your past, a refresher course can improve your outcomes. Leadership is so different from management, but most of us only experience management in our daily lives. Great Kiwanis organizations have great leadership and a great membership. Great members are leaders in their own right that have a common purpose and are allowed to innovate and make things happen. This doesn’t happen by magic. Rather, tasks are best accomplished by members using their leadership education to communicate and work together with civility.

Attending Club Leadership Education is the starting point for many Kiwanians looking to improve their leadership skills. All sorts of other training is available through Kiwanis. Kiwanis International is looking to improve and add even more diverse training. We often hear how the Kiwanis Service Leadership Programs are the best thing we do. One can’t teach or mentor others without a thorough understanding of the subject matter. Leadership through altruistic service is the common thread in the Kiwanis-family. A better understanding of leadership happens at education sessions and is practiced within club activities.

If Kiwanis is to grow, if our SLPs will continue to grow, great leadership is needed. If we struggle to fill leadership positions or allow leadership development to wane, Kiwanis as an organization will struggle. Foster leadership within your own club and division. Encourage members to attend education and leadership training at conventions. Most importantly, promote civility and kindness within all our clubs and at all our gatherings. Kiwanis desperately needs us all to do these things, now. We can become a beacon of how an organization returns to its core values and succeeds in the 21st century.

Kiwanis can – and should – be recognized as the premier service, leadership organization in the world.

I-I DISTRICT GOVERNOR
HAPPY SPRING! We have had a really busy year so far, and it’s only March! Every year it seems I find myself enjoying the nice, warm weather so much, that it’s easy to forget about what's coming up next. So, this issue’s article is focused on due dates. We have lots of them coming up, so I wanted to be sure everyone knows when you need to complete the following important items.

DO IT FOR THE KIDS!!
Give the gift of hope and healing this year...

I would like to ask each club in our Mighty I-I District to consider reaching out to the Children’s Miracle Network (CMN) Coordinator at your local Children’s Hospital to see what their needs are currently and how your club can help them! Please see the hospital contact list that follows. CMN is a district-wide AND International project, and you would record these activities on your monthly reports to show you supported an I-I District and Kiwanis International-recognized project.

If you have any questions about what hospital you are associated with – or other questions – I have that information and would be happy to share it with you. Please contact the I-I District office at iioffice@iikiwanis.org or (309) 378-0222 for further information.

SALEM KIWANIS RECRUITS AT HOME SHOW

The Salem Kiwanis Club set up a booth at the Salem Home Show to inform those who attended about the work of Kiwanis and to invite people to join the club. The club held a drawing for $50 and gave away peanuts. ☺
SUPPORT KNRF...

“OUR FINEST PROJECT”

The Illinois-Eastern Iowa District Kiwanis Neuroscience Research Foundation (formerly the Spastic Paralysis Research Foundation) needs your help!

It is that time of year to start thinking about:

The ‘tried and true’ Bowl-a-Thon?
How about a Bowl-a-Thon with a twist
Have a Trivia Night?
Have a Bingo Night?
Have a Texas Hold ‘em Poker Night?
Other creative ideas?

Let’s think outside of our box! Club members are encouraged to become more creative with our ideas on how to raise money for KNRF. Bowling was the main theme at one time but now we need to mix it up a little with new ideas!

A couple of ideas from past years include a raffle for a quilted throw/wall hanging, a pancake breakfast that allows the participants to socialize before bowling and brings an added attraction for non-bowlers to participate.

Put your thinking cap on get an event planner from your club to make the Bowl-a-Thon more attractive to participants. Make it a fun event where everyone has a great time and can participate. Your plans should be under way by now.

Last year we raised $44,354 in the I-I District for the “Our Finest Project” the Kiwanis Neuroscience Research Foundation. I would like for all clubs and divisions to reach down just a little harder this year and raise $50,000, a goal I think we can achieve. Let’s make this the best year ever.

For your information I have included a graph for you to preview that shows what has been going on in the I-I District the past three fiscal periods.

As you can see our membership is down and what is really alarming is that 106 clubs and two divisions in 2017/2018 decided not to participate in a fundraiser for our District’s major emphasis program.

I realize that all clubs give generously to their respective communities, but it’s also time to give to the Kiwanis Neuroscience Research Foundation. Ninety-one cents of every dollar raised goes directly to the researchers, investigating neurological diseases ranging from Alzheimer’s to Spina Bifida.

I want thank you ahead of time for your continued support of the Kiwanis Neuroscience Research Foundation, whether it is through a Bowl-a-Thon or the district convention’s Parade of Love.

WHAT WILL YOUR CLUB DO TO SUPPORT KNRF IN 2018-19?

Congratulations to Kortny Marsh of the Dixon High School Key Club, recently installed as the new 2019-20 I-I District Key Club Governor.

I-I DISTRICT OF KEY CLUB INTERNATIONAL’S NEWLY INSTALLED OFFICERS AND LIEUTENANT GOVERNORS.
GOVERNOR KORTNY MARSH (DIXON HIGH SCHOOL, DIXON, ILLINOIS) IS SEATED IN FRONT, THIRD FROM LEFT.
‘PARKING’ THE MONEY IN A GOOD CAUSE

The Kiwanis Club of Bloomington was proud to donate $40,000 to Bloomington-Normal’s Harmony Park Project, a collaborative partnership between Max’s Miles Foundation, the Bloomington-Normal Jaycees, Marchfirst and Autism McLean. This will be the first fully-inclusive playground in Bloomington-Normal and replace the current playground structure at Rollingbrook Park.

BYRON KIWANIS SERVICE PROJECT IS ‘BY THE BOOK’

Byron Kiwanis and Mary Morgan Elementary School partnered again for the 3rd Annual Kindergarten Family Literacy Night. Approximately 150 kindergarteners and their family members shared in a Dr. Seuss fun-filled evening. A complimentary dinner was served in the cafeteria, followed by games and activities.

Each child in attendance received a Scholastic book and other giveaways.

The event celebrated National Reading Day, Dr. Seuss’ Birthday and the month for Annual Kiwanis “Read Around the World”. When parents are involved, children exhibit faster rates of literacy acquisition, earn higher grades and test scores, adapt better to school and attend more regularly.

Children are born eager to learn. Their world is full of brand new surprises – sometimes funny and sometimes scary. For example, losing a baby tooth can be very, very scary. Why did the tooth break and fall out of the mouth? Will it come back? Will a new tooth grow in its place? If it does, what will it look like?

Bear’s Loose Tooth is a soothing, highly accessible book for young children that comforts and reassures youngsters as they try to understand the losing of their first tooth.

One day, while sitting in front of a cave in the forest, Bear and his animal friends are enjoying their lunch when, suddenly, Bear feels something go wiggly and wobbly in his mouth. Oh, no! Bear worries his tooth is loose and begins to cry, “How will I eat if my tooth says good-bye?”

Bear’s friends assure him that a new tooth will grow in the space. Each animal offers to pry out the tooth – wren, owl, badger, mouse, and hare all yank and yank the tooth. But, it stays stuck until Bear begins to wiggle his tongue and finally his tooth falls out.

That night, while Bear sleeps in his cave with his tooth on the ground next to his head, a fairy flutters into the cave and leaves a bowl of blueberries near his mouth for breakfast. The following morning, when Bear and his animal friends share the blueberries, Bear begins to gobble and chew until... OH, NO! Something goes wobble, wobble in his mouth. Another loose tooth!

Bear’s Loose Tooth is part of a collection of Bear stories created by the prolific team of author Karma Wilson and artist Jane Chapman. Several delightful titles include Bear Can’t Sleep, Bear Feels Scared, Bear Feels Sick, Bear Says Thanks, and Bear’s New Friend.
