Governor’s Message

That was the challenge issued by Kiwanis International President, Gunter Gasser, as he addressed Kiwanians in his keynote address at the 99th Kiwanis Birthday Party. The room was filled with 205 people representing over 50 clubs, which included International Trustee, Poly Lot from the Philippines and a large contingent from Ontario Canada. Distinguished guests included First lady Christiana Gasser, President-elect, Dr. John Button and his wife, Debbie, Vice-President, Sue Petresin, District Governor Stan Nelson and his wife Gerri and Governor-elect, Rebekah Hildreth. Former International President Gene Overholt was also there. The Master of Ceremony was Detroit No.1 President, Eric Sabree.

President Gunter reminded the revelers that Kiwanis International’s mission is to serve the local clubs. But, he reiterated that Kiwanis 100th birthday gift to the world is the Elimination of Maternal Neonatal Tetanus (ELIMINATE) which strikes the poorest of the poor women and children. The evening was capped by the announcement that $1800 had been generated for ELIMINATE from the Silent auction proceeds – 1000 lives will be saved or protected. What a Birthday Present!!!

More pictures of the 99th Birthday Party can be seen on the Detroit Kiwanis Facebook page.

Winter is the time when Mother Nature makes many of us feel like going into hibernation, but NOT for Kiwanians! This should be our time to energize, a time to ‘enhance’ our programs. Families need our help more than either.

It’s also a time to follow-up with folks that you may have asked to be part of your club. Some examples are:

- Previous club meeting speakers.
- Someone who has helped your club ringing for the Salvation Army.
- A parent of one of your Key Clubbers.
- A staff member, or support person of an Akton club member.
- A fellow worker.
- Someone who serves with you at your church or synagogue.

THE MICHIGAN BUILDER is published
Bi-monthly for $3.50 per year, by
The Michigan District of Kiwanis,
P.O. Box 231, Mason, MI 48854.
These people already know our passion for serving. Invite them to formally serve as a member of our family - as a Kiwanian!

Great News! The Michigan District is currently leading all of the other Districts in the United States in percentage growth (membership AND new club building)! We Still Have Work To Do!

Our great, energetic Circle K and Key Club officers are busy planning their respective District Conventions. They could use scholarships, or grants to allow financially 'strapped' students to attend. They could use donations for raffles and similar fund raisers. They need for you to let them know that you will be there by registering.

This year we have re-activated the Michigan District Strategic Planning Committee. John Steele is doing a fine job as its chairman. The committee members currently comprise of a few past governors and lieutenant governors, the governor-elect, and the current governor. The purpose of strategic planning is to formalize a general plan for preparing the District’s future.

Their first priority is to have a new Executive Director in place when our current Director, Al Dailey, decides that his much deserved retirement day has arrived. The committee has ‘re-tooled’ the tasks, rewritten the job description, and received candidate applications. At the time of this release, we are in the process of interviewing candidates, with a final selection soon to follow.

Spring Divisionals are coming. Something new to some of them is the addition of offering a training session prior to the usual main program. The last few years have resulted in reduced attendance to both of our training and spring divisional venues. Contrary to what you may have heard, the materials offered at our training sessions ARE NOT the same year-after-year! Linda Lawther (our District Education Chair) does an excellent job making sure that the presented material is current, and hopefully, presenting something that you find interesting.

Spring Divisionals are labeled as the official governor’s visit to your area. As your Governor, I intend to make these gatherings more than just a visit and an awards ceremony. I would hope that I could report on issues, concerns, or positive experiences that relate to your Michigan District. It would be helpful if you jot down your comments and either share them with your Division’s Lieutenant Governor, the District Office, or to me directly. I would like to have some time to research the topic so that I can share with those of you who will be attending.

Stan Nelson
Governor, Michigan District of Kiwanis
“You must be the change you wish to see in the world.”
~Mahatma Gandhi

Many of us have heard this quote before, but have you ever stopped to ponder its true meaning and the tender spirit behind these words. Twelve simple words, yet when arranged in this fashion, it can not only transform the life of others but your life as well. As servant leaders, it is important for us to remember and remain focused on this thought. Simply put, lead by example. The word lead, by definition, is categorized as a verb. So lead with your actions. Live the change you want to see. Leadership is not a position or a title; it is an action and an example.

Take a minute to think about what you do to be a good example. Are you the one who comes early to events, meetings and fundraisers? Do you volunteer to chair an activity? Are you a role model to others in your community? To me there is nothing more rewarding than to see the face of a child whose life I have personally touched. This serves as motivation enough for me to be the change I want to see.

In my early years as a Kiwanian I was able to deliver a birthday present to a child who was living in a Kiwanis transitional home after he was removed from his family’s home and became a ward of the state. He had written a note saying he loved art and drawing was a way he expressed his negative emotions. So I purchased him his own pencil set and a sketch pad. This was a straightforward gift that addressed the boy’s interests. I was able to personally deliver this small contribution to this young man. As he opened it, his eyes widened and words of wonder and gratitude rolled from his lips. He ran up and gave me a hug then started to sob. He looked up at me with tears in his eyes and mumbled, “I’ve never had a new pencil before.” From then on, I have brought new pencils and other school supplies to the house when I am able to visit.

We must be the change. As members of this great organization we are charged with living a life of humble service. I could have never imagined how much a pencil could have meant to a teenage boy. That day truly changed my life and changed my perspective of things. I gave a little more, I expected a little less and I saw firsthand how I could change the life of another person. He talked about that day until he was placed with a foster family. Unfortunately, I could not stay in touch but I know in that one moment that boy felt a sense of pride and ownership but more importantly he also felt loved and knew someone cared about him.

This is just one of many stories of how Kiwanians have touched the lives of others. It is my hope that one day that boy will be the change he wishes to see in the world. A single act of kindness can change a life. No deed is too small and no smile is too little. So, “You MUST be the change you wish to see in the world.” Reflect on this and ask yourself how will you change someone’s life?

Keep up the good work in this new year of change!

Yours in Service,
Rebekah Hildreth, Governor-Elect

Rebekah Hildreth
2013-14 Governor-Elect
Michigan District
rebekahsevenplanning@gmail.com
Executive Director

Given the progress of the Strategic Committee it is certainly looking like this message or the next will be my last opportunity to share some perspective and observations about our great and historic Michigan District.

This past weekend was truly a Kiwanis weekend that included a District Board meeting, the Kiwanis Birthday Party, a Foundation Board meeting and the Charter celebration of our newest club (Downriver West).

As I think about the hundreds of meetings, both club and District that I have attended over the last ten years, there has been a common theme to all...how do we make Kiwanis bigger and better? My recollection of many of those meetings suggests that Kiwanis enthusiasm often gets in the way of progress. How can that be? I am sure you may have the same observation that many group discussions end up in either of two ways: off topic early in the discussion, or the refusal of individuals to agree to an action unless it incorporates their personal solution.

Our Kiwanis needs are very basic. How do we attract new members and how do we keep our clubs vital and relevant in the name of service to children? I have often joked that problems are best solved with a committee of less than 2. In fact, what I suggest is that once you establish your issues and priorities...find the one most enthusiastic Kiwanian in your club with a passion for growth (people skills) or fundraising (organizational skills), and let them run with their ideas. The rest of us need to pledge our support in any way possible.

The only other significant avenue of success in any organization is to have energetic and prepared leadership, and that is a topic on its' own, but something we all need to consider whether our club is 10 members or 200.

I am guessing that when my responsibilities end as Executive Director, I will have more time to devote to the issues I believe most important and I have conveyed that interest to a few District Chairs. Feel free to remind me of that pledge if you ever see my participation in Kiwanis decline.

As current Governor Stan says..."We still have Work to Do".

Al Dailey
Executive Director
Michigan District
al.mikiwanis@sbcglobal.net

Have you Shared the News recently?

The Michigan District offers a great opportunity to showcase the successes of your Club, your members and your community.

Your successes when published reward your members for service and provide ideas to other Kiwanis clubs. The following guidelines will help get your information published:

Articles:

Provide the basic information that includes your club name, division, what was done, who benefitted, when it was accomplished, and how it was accomplished.

Narrative can be attached to an email in Word, or edited and typed in the body of your email.

Pictures:

Send any pictures as attachments (not included in the body of a document) in highest resolution possible. Pictures downloaded from the web are generally not acceptable.

Identify persons in pictures, and try and use action pictures rather than poses of acceptances, podium speakers, and groups in rows. Usually only one or two pictures will be used, so choose wisely.

Submit:

Send your email and attachments to: al.mikiwanis@sbcglobal.net.

District Convention Kalamazoo

It’s not too early to plan on participating in the 97th Annual Convention of the Michigan District of Kiwanis. Your plan should include electing delegates early in 2014, providing a budget to defray some or all of the costs for your officers to attend, and participating in your upcoming Spring Divisional events where more information will be available.

Convention Chair John Steele from the Kiwanis Club of Kalamazoo is working hard with the District office to assure that the Radisson Plaza Hotel is the place to celebrate Kiwanis, Thursday, August 14 to Sunday, August 17.

Attendees can expect enthusiastic interaction with our Service Leadership programs, Exhibitors of project and fundraising ideas, education on a variety of topics related to Leadership and Kiwanis activity, a Fun Night at the Air Zoo (amazing place), the election of officers, and much more.

Things to see and do at the Air Zoo:
• Space Shuttle
• Mission to Mars
• Bi-plane Ride
• Full-Motion Flight Simulators
• Paratrooper Jump
• 3D theatre and more!

We in the Michigan district are continuing to save lives with your donations and pledges, but there are still many mothers and their newborns still dying of Maternal/Neonatal Tetanus (MNT). Our latest report is showing the district at $792,364.88 raised with donations and pledges which have saved 440,203 lives with 69% club participation but only 30% of our target goal of $2,611,472.00. The Michigan district can be proud of our accomplishments as we continue achieving our target goal.

Even though the district is doing great with this project, still mothers and their newborns are dying of MNT. Clubs need to come forward and support the project by either committing to become a Model Club or a Global Service Society (G.S.S.) recognition with a Bronze, Silver, Gold, Platinum or Diamond level. Your Multi-Division Coordinators listed below right, Division Coordinators or myself can help you obtain this level of recognition. I have 24 additional clubs on the radar to become Model Clubs for a total of $635,500 saving 353,056 lives. With the 24 clubs committing to a Model Club status we will have raised our percentage to goal from 30% to 55%.

Once again Kiwanis is partnering with UNICEF and this time raising money to eliminate MNT. With Kiwanis raising the money, UNICEF needs at least six months before they can administer shots to these mothers. We as Kiwanians must act now and commit our clubs to become Model Clubs or attain a G.S.S recognition level, and remember that every $1.80 will save one mother from MNT.

The Michigan district needs to save an additional 1,010,614 lives by the time we celebrate our achievement in June 2015. We can do this as we have already saved over 440,000 lives and with everyone working toward our goal for the district it will be achievable. Let’s support our Sue as she becomes the first woman serving as President of Kiwanis International for the 2015-16 Kiwanis year and show the world that not only do we support Sue but we have achieved our goal and helped eliminate MNT.

Please contact a Multi-Division Coordinator as listed, division coordinator or myself and we will guide you through this process on becoming a Model Club or a G.S.S. status.

Thank you all for being a Kiwanian as we are saving lives.

Richard A. Buttery
Michigan District Coordinator for the Eliminate Project

The Kiwanis/Michigan State Police Law Enforcement Career Academy will take place July 13 – 18, 2014 at the Michigan State Police Training Academy, 7426 Canal Rd. Lansing, MI. This will be the 39th year Kiwanis Clubs in the Michigan District have sponsored high school students to this outstanding career opportunity. This program is especially designed for young adults who have an interest in law enforcement and related careers.

The Kiwanis Club secretaries have been sent the information for registration, eligibility, housing and what to expect. The Career Academy Application and check for $400.00 must be submitted by a Kiwanis Club to the District Office by March 14, 2014. Information is also available on the District Website.

In 2013 the district office received 68 applications. Because of limitations, only 60 will be accepted for this exceptional program. Please don’t let your applicant be disappointed. The Academy is a great program and it can change the life of your young cadet.

When you witness graduation on Friday, July 18, 2014 at the training center, you will know your club is truly making a difference in the lives of young people and the citizens of our great state.

Applications DUE MARCH 14!
Madison Heights...

This past December members of the Kiwanis Club of Madison Heights, along with their families, went to Cambridge Nursing Home to spread holiday cheer! Club members sang Christmas carols throughout the halls while delivering gifts to each resident. Scarves and handmade Christmas cards were the gifts of the year, fruit was also donated for later distribution by their staff.

Carol at Cambridge Nursing Home is an annual project that our club organizes. This was the first year that one of our newest members was able to participate and this project exceeded her expectations! Katy said, “Giving at Christmastime is one of the most gratifying feelings and seeing the appreciative looks on the faces of residents as we passed out gifts was empowering.”

One of the best parts of the project was walking into a common room where ten or so residents were gathered together to play Bingo. Club members walked down the hall caroling and the residents paused their game so we could take requests and sing a couple of songs for them. One lady in particular who sat in the middle of the room had the biggest smile spread across her face and she looked so overjoyed that we were there. It was one of those moments when you realize how lucky you are to be part of a club that is able to serve others and how much people at any age can brighten someone’s day by little actions.

This project reminded me, along with the rest of the club, that the spirit of giving, especially during the holiday season can go a long way.
Capitol City Aktion Club…

The Kiwanis Club of Delta Township will sponsor the newest Lansing area Aktion Club. Pictured are Kiwanians Bonnie Lafay (on the left) and Betty McCastle who will serve as Kiwanis advisors along with Nathan Wood who will be the agency advisor.

The Capitol City Aktion Club meets at Transitions North in Lansing. T-North is part of the Tri-County Mental Health (Ingham-Eaton-Clinton) organization providing services and support to adults living with disabilities. The Kiwanis club at its’ December 17 Aktion Club meeting, handed out Christmas cards and provided refreshments for the club’s holiday party.

Charlevoix/Bergmann Center Aktion Club donates to The Eliminate Project

On November 5th, 2013 at the Charlevoix Kiwanis meeting the Aktion Club of Charlevoix/Bergmann Center donated $500 to be used for the Eliminate Project. The Eliminate Project is a Kiwanis/UNICEF project that aims to eliminate maternal/neonatal tetanus, a disease that kills one baby every nine minutes. Aktion Club President Angela Hurchick presented the check. The Aktion Club raised money all year and voted on giving to the Eliminate Project after learning more about this program at a recent meeting. The Eliminate Project saves lives and our club is so proud to be able to give to this project!

Mason Golden K…

Kiwanis Golden K of Mason Host Aktion Club Members

Mason Golden K hosted their Rural Outreach Aktion Club at a Christmas Party on December 4. Kiwanians brought gifts to exchange with Aktion Club and Kiwanis members and a pancake breakfast was served to all. The Rural Outreach Aktion Club was one of the first Aktion Clubs chartered in Kiwanis and the first in the Michigan District. The Aktion Club member service includes maintaining upkeep on the benches around the downtown courthouse, distributing Chamber of Commerce flyers to downtown businesses, and participating alongside Kiwanians at Kiwanis Out Day, Kids Against Hunger packaging, and Peanut Day.
Kiwanis Club of East Lansing Charters ISD Aktion Club...

East Lansing Kiwanians celebrated the chartering of the ISD Aktion Club at their holiday party on December 9. Pictured from left to right are Nicolas Bond Ingham Intermediate School District agency advisor to the Action Club, Dave Bueche past president and Kiwanis Club advisor to the Aktion Club, Gordon Schleicher Aktion Club Zone Advisor, Mark Meadows (holding charter) President East Lansing Kiwanis Club, and Sue Devon Aktion Club District Administrator. Aktion Clubs are Kiwanis Service Leadership Clubs for adults living with disabilities. They have doubled in number in the Michigan District during the last ten years now over 850 members in 32 clubs. Kiwanis is the only international service organization with this type of club.

Grosse Ile...

The Grosse Ile Kiwanis sponsored Builders Club, 128 members strong in 2013-2014, started out looking for 16 families to adopt, one for each homeroom in the Middle School, as a Christmas project. This proved to be difficult. Then, under the direction of the faculty advisor, they initiated networking with people they knew. This led to the school counselor who contacted a friend of hers who is the director of marketing for the St. Vincent de Paul Society. As the two were talking the social worker for the Marion Law Academy in Detroit called, desperately looking for assistance with 50 coats their students needed as they were walking to school with no coats. The Builders Club felt this was their calling. A meeting was held with the faculty advisor and the club officers. They took on the task.

They had the principal of the Marion Law Academy come and address the student body at the Middle School on how important this need was. The faculty advisor sent an email blast home to parents and the coats, hats, mittens, boots, clothes came pouring in!! They well exceeded their needs – probably 150 coats and so much more!

St. Vincent de Paul brought out a truck and the Builders Club loaded it and then took a rented Trinity bus with about 20 kids and went to the Marion Law Academy. They toured the school and the neighborhood (high crime rate) and then their students came to the library to shop for coats, mittens, boots and whatever else they wanted. Grosse Ile students assisted in the choosing and fitting of the coats. Detroit TV channels 7 and 4 were there. Builders Club members ate lunch with the Marion Law Academy students and then returned home.

It was an amazing day and the Builders Club is going to try to keep communications open and perhaps do a student exchange in the future.

All this was done in only four days! Resolution, caring and action really paid off.
Kiwanis Club of Lansing Hosts Dr. John Button...

Dr. John Button, Kiwanis International President-Elect and practicing physician, addressed Kiwanians on The Eliminate Project in Lansing on November 21, 2013. This is an excerpt of that presentation.

“Over the years, I have brought hundreds of babies into the world and I never had to worry about maternal-neonatal tetanus. The mothers had all had their tetanus shots. The birthing rooms and practices were clean and sterile. And the obstetrician wasn’t too bad either. Sadly, such is not the case around the world today.

There is no more joyful event in the life of a family than the birth of a child. In just a few days, however, maternal-neonatal tetanus can turn the tears of joy into tears of grief and sorrow.

Tetanus is a cruel and swift killer. It kills one newborn baby every nine minutes. It kills one new mother every 20 minutes. Every year, 59,000 newborn babies are tragically killed by this entirely preventable infection. And each year 25,000 new mothers suffer the same fate.

Every year 8.2 million children under the age of five die of preventable illness. 41% of these deaths occur within the first month of life. In many areas of the world, tetanus is the major cause of these deaths.

Tetanus is an infection caused by a bacteria called Clostridium tetani. This bacteria is found all over the world, in soil, animal feces and decaying matter. It is introduced into the body through wounds that occur during the birthing process. Once in the body, the bacteria rapidly multiply and produces a toxin, a poison, that specifically attacks the baby’s nervous system. The toxin makes the nervous system exquisitely sensitive to all external stimuli – sight, sound and touch. Any stimulus can cause the baby to have excruciatingly painful and prolonged seizures, seizures that can be so violent as to tear muscles and break bones.

Curative treatment is rarely successful, even in the developed world. It is expensive, difficult and in developing countries often wholly inadequate or just not there. In this situation, a hypersensitive nervous system, the kindest treatment is the saddest treatment – sensory deprivation. The baby is denied all external stimuli – sight, sound and touch. Its eyes are covered and cannot see the look of concern in a loving mother’s eyes. Its ears are plugged and cannot hear the tender words of a caring mother. And most tragically, the baby cannot be held and cradled in a mother's loving arms. All a mother can do is sit helplessly and watch her baby die a death that is recognized as one of the most painful deaths known to man.

All of this is so unnecessary. It doesn’t need to happen at all. It shouldn’t happen at all. The United Nations calls the ongoing tragedy of maternal-neonatal tetanus a “silent scandal”. We have had the tools to end this scandal for years. Researchers discovered tetanus vaccine in 1897. It became widely available in 1924. With three shots of vaccine costing 60 cents apiece, we can offer those in the developing world what we have taken for granted for decades – immunity to tetanus. For $1.80, we can prevent a baby dying the sort of death that I described to you a few minutes ago.

By choosing to serve the poorest of the poor [through the Eliminate Project], we, Kiwanians, are sending a loud message, a message that says: “these women matter, they have the right to access safe health care, they deserve to give birth to healthy babies and their babies deserve the opportunity to achieve their full human potential”.”
The Michigan District welcomes The Kiwanis Club of Downriver West, whose members celebrated their Charter night on Monday, January 20, 2014.

“The only boundaries on me are those I place on myself; I can make my own dreams come true” inspirationally written by Shelly Wu Sher and held especially true for the members of the newly chartered Downriver West Kiwanis Club. Several Kiwanians saw a need for service leadership programs within the local schools and decided that our only limits are what we place on ourselves. So about 10 members began to meet in local establishments in September 2013 laying the foundation for our new club. By October 9, 2013 we were officially recognized as a Kiwanis club by Kiwanis International.

We completed several no cost service projects within our community and ensured that meetings were fast, fun and friendly. Every member has a say in club activities, and all ideas are considered welcome. The momentum of our new club grew quickly, and before we knew it, we were 25 members strong and sitting at Salute Special Events in Flat Rock, MI on Monday, January 20, to celebrate our charter evening. We were blessed by the company of Kiwanis International President-Elect, Dr. John Button, Michigan District Executive Director, Al Dailey, Michigan District Governor-elect, Rebekah Hildreth, along with approximately 18 current and past Governors/Lt. Governors and 12 other Kiwanis clubs as we graciouslly accepted our Charter from Kiwanis International.

Empowering is the word that best describes the message that Dr. Button provided to all present during his keynote speech. He shared personal stories, history about the beginning of Kiwanis, and the difference in being a member of Kiwanis vs. being a Kiwanian. These are the first of many memorable moments for the Downriver West Kiwanis Club - building bridges for the children of the future.
Upcoming Events

International Convention – Japan

Registration for the 99th annual Kiwanis International Convention will open in January 2014. The convention will take place July 17–20, 2014. The exhibit hall, workshops and general sessions will be at the Makuhari Messe International Convention Complex, located 2-1, Nakase, Mihama-ku, Chiba-City, 261-0023, Japan. Due to the convention center’s close proximity to all official hotels, no shuttle service will be available.

If you register by April 1, you’ll be entered to win prizes such as dinners for two or tea ceremony tickets at a Japanese garden.

Click Here to Register for KI Convention Japan.

Club NEWS

Woodhaven...

At the December Woodhaven City Council Meeting, Mayor Pat Odette and Woodhaven City Council honored the achievements of the Kiwanis Club of Woodhaven on behalf of the City and its residents.

In her presentation, Mayor Oddette sited dozens of examples of the Club’s involvement in the community. The Mayor also thanked Woodhaven Kiwanians for all they do for the students of both the Woodhaven-Brownstown School District and the Gibraltar School District.
KEY LEADER 2014

Registration is now open for the 2014 George Brown Kiwanis KeyLeader Training! This year’s camp will again take place at FAHOLO Conference Center, outside Grass Lake, from May 2-4. The KeyLeader committee is hard at work preparing for another fun and successful camp.

Students who attend KeyLeader participate in a variety of activities to develop their leadership skills, focusing on the tenets of integrity, personal growth, community building, respect, and the pursuit of excellence. The students take home valuable life lessons to leave a positive impact on their schools and communities.

Now is the time to find those young leaders from your community who might benefit from this action-packed weekend. Students in the 8th through 12th grades are invited to participate, and they do not have to be Key Club or Builders Club members to attend -- in fact, some students have returned home from KeyLeader and put their skills to work building a brand new Key Club.

Last year’s camp reached full capacity, so be sure to register your students as early as possible. Kiwanians can register students by visiting www.key-leader.org and clicking on the blue “register” button. Registration is $175 for Key Club members and $200 for non-Key Club members.
2013-14 Governor’s Membership Trophy

Congratulations to Cheboygan club for being the overall winner of the 2012-13 Governor’s Membership Trophy Award!

Midland +6
Swartz Creek +5

Net gain is from 10-1-13 thru 12-30-13 and includes only clubs with at least a net gain of +5 based on official membership numbers supplied by Kiwanis International.

As We Go to Press
