How our partners help clubs and the district to benefit more kids
“KIDS NEED KIWANIS”...

and having partnerships can maximize our impact to the children in Michigan. Kiwanis International has large scale partnerships and here in Michigan we too have partnerships designed to benefit the district, the individual members and most importantly the kids. The Service Partners have the infrastructure in place so Kiwanians can step in to help the children. The Community Partners help the individual members, or stretch the club dollars.
