Fellow Kiwanians,

Having just returned from our International Convention in Orlando, I am still excited and inspired by all the events/sessions that I was able to attend. Opening day on Thursday was the best collection of speakers that I have ever experienced at a Kiwanis ICON. Jim Collins, whose book “Good to Great and the Social Sector has been the basis of our journey for moving our clubs from “good to great” gave a wonderful opening morning address. He spoke about the Hedgehog Concept, moving the Kiwanis flywheel as we moved towards greatness, and how we can make the world greater with consistent and purposeful actions. Ohio native Alex Sheen gave the keynote address on his foundation “because I said I would” – the inspiration behind it’s start-up and how it has become a world-wide social movement. It’s all about promises made and kept for yourself, your “family” and the world. There was not a dry eye in the house.

Our very own East Geauga Club presented an “inclusiveness” bylaw amendment that was enthusiastically supported by over 85%. This amendment shows the world all are welcome as we continue our mission of “improving our world one child and one community at a time”

Although we increased the vote totals for approving the “Family Membership” category, we were still short of meeting the 2/3’s by less than 200 votes.

Next year’s convention site will be Indianapolis. It will be an important convention for the Ohio District. We will be offering an Ohio District candidate for a position as a Kiwanis International Trustee and will again co-sponsor the Family Membership Amendment. If we have 400 Ohio District delegates, I am sure that we can assure that both elections will be positive for the Ohio District.

And you STILL have time to register for the Ohio DCON at Sawmill Creek. The DCON has planned exciting and education forums, an inspirational Keynote speaker, several fun/fellowship opportunities. Plus, a contested Governor-Elect election. No matter who we choose, Brad Kunze or Jamie Kauffman, our future will be bright.

See you all in August!!
Executive Director Notes

We returned from the International Convention in Orlando last week where the Ohio District and Immediate Past Governor Dan Litzinger were honored on stage for being Distinguished for the 2017-18 administrative year. Former District Secretary Dave Whiteman, although unable to attend, was also recognized for being Distinguished. This was in large part due to the focus of last year’s board under Dan’s leadership on opening new Kiwanis clubs and strengthening our existing clubs with new members. With the Kiwanis year now ¾ complete the Ohio District is showing encouraging signs of building on the momentum created last year and that we may break our streak and finally show growth for the 2018-19 administrative year.

We are not finished! We have more new clubs to open and more new members to add before our current year ends on September 30th. It is up to all members of Kiwanis Clubs in Ohio to guarantee that your clubs remain strong and viable to insure we are able to be there for our neighbors! Kids Need Kiwanis!

I just checked our records and only 97 of 224 clubs in the Ohio District have filed their Club Election Reports online through the Kiwanis Connect website. Please encourage your club leaders to post your new Officers as soon as possible. This information is critical for both Kiwanis International and the Ohio District. Without it our directories will be very difficult to complete and our communications with your club leaders will not be timely. If they need help posting this information, please have them contact us in the district office at (614) 848-5000.

KeyNote Speaker for Ohio Convention Announced!

Rob Seideman is the Executive Director of May We Help. Prior to joining the nonprofit world, he worked as a strategic consultant helping corporations with new product innovation.

Rob created lots of products for the global marketplace, but, now applies strategic thinking to people—not products.

For example, Rob led a project that helped a network of 88 children’s hospital adopt practices that significantly reduced hospital-acquired infections; and he turned a struggling equine therapy-based PTSD program for veterans into one of the most successful in the country.

Then he joined May We Help.

May We Help is a game-changer for people with disabilities who are striving to become more independent and/or pursue a passion.

The problem May We Help’s clients face is that in order to become more independent or pursue a passion, they require a device that isn’t available commercially or they require a modification to an existing device.

That’s where May We Help’s team of volunteer engineers step in. They assess the clients’ needs, then design a one-of-a-kind solution for them! Rob will share his inspirational story at the Fellowship Luncheon at the Ohio District Convention which is included in the price of registration.

Last Chances for Certified Leadership Education

Being elected to a club office is an honor bestowed on you by your fellow Kiwanians. It makes sense to brush up on your leadership skills to effectively represent your club and help them grow into the best service organization in your community. Attending a Kiwanis Certified Leadership (CLE) Session will help you prepare for your term of service.

The 2019 CLE Schedule is taking shape. Confirmed events are open for registration and additional ones will be taking place in June and July and one final session taking place at Convention. Please visit the Club Leadership Education section of the Ohio District website for additional dates as they become available. As always, all sessions are open to any incoming officers within the Ohio District.

I do encourage all incoming (and returning) officers to attend CLE classes held in the spring – these will be more in-depth than on-line classes and will hopefully provide some thought-provoking ideas on how to run efficient and enjoyable club meetings and activities. Additional education sessions and topics are available at Kiwanis Convention.

Summertime is Busy Time

Summer 2019 is well underway, as are summer activities – swimming, camping, sightseeing vacations, sports and music camps, and relaxing from a busy school year. This provides opportunities for Kiwanis clubs to support young people in many ways. The students’ needs may be different than during the school year.

Through Governor Faith’s First Family Project, many 4H campers will receive financial help through Kamperships. There are many other ways your club’s Youth Services committee can support the youth in 4H programs. Contact your county’s 4H extension educator at https://county.osu.edu for information about how your club can help.

Your Ohio District Kiwanis Foundation offers support to clubs through suggested quarterly projects. The ODKF website (odkf.org) includes links to information, materials, and supplies for the summer project, Water Safety. Check out the Safe and Healthy Kids button on the website for information about the ODKF quarterly campaigns.

Many Kiwanis Youth Services committees are supporting their community’s kids and families throughout the summer by labor and financial involvement in community garden projects, summer food service programs, food drives, food distributions, bike trail cleanups, sponsoring youth sports teams, blood drives, music instrument collections and donation to local schools, Salvation Army summer bell ringing, Kiwanis booth at county fairs, school supply collection and distribution, clothing collections and donation to local charities, support of Big Brothers/Big Sisters programs, assistance with Scouting summer programs, and sponsoring local arts productions. These are some of the ways Kiwanis clubs support kids throughout the summer months.

Summer is the perfect time for your Youth Service committee to make plans for activities for the coming school year. Kiwanis clubs can support local schools through tutoring and mentoring programs, Kiwanis club speakers bureau with members available to support career days in schools, service projects at schools during school day, supporting students to attend the Key Leader program, and local youth leadership programs.

A great summer meeting program is a presentation about the importance of your club’s support of youth and families. On the Kiwanis International website (Kiwanis.org), there are many valuable resources including video/tv resources (Kiwanis Brand Campaign Video Resources). The videos can support your Youth Services committee’s presentation about how your club supports local youth and how “Kids Need Kiwanis”.

Enjoy the summer and keep in mind that “Kids Need Kiwanis”, even in the summer.
Strengthening your club is all about asking the right questions. For instance, where can you find resources to help your club grow? Head on over to https://kiwanis.org/clubs/member-resources/training/division-leader/club-strengthening and you’ll land on a bounty of tools to help out.

Or maybe your question is “How do I bring up Kiwanis to others?” This year’s ASK Challenge offers some unique and easy to do ideas for you. See the full flyer at www.ohiokiwanis.org and be sure to submit your entry into our contest by August 1st. We will award some prizes at District Convention from among the entries received. You could also model this within your own club and have a membership contest.

"Ok, but I don’t know the right words to say when I talk about joining Kiwanis. Can you help?" Why, yes of course we can. At District Convention this year we will have an interactive forum where we will role-play various scenarios to help attendees get more comfortable and confident in talking about their Kiwanis experience.

Whatever your membership question is, your District membership team is here to help and get you the answers you need. Feel free to reach out any time.

Clubs Embrace Human Values

Many of our clubs have been very busy this year helping out others. From helping out at a nursing home, to providing and delivering meals to those in need. We have provided scholarships to students and mentorship to children of all ages. As Kiwanians this comes easy to us. Keep up the great work. If you have any projects that you would like to share with other Clubs, please make sure to submit articles and pictures to the Ohio District to be shared in the bulletin.

I hope to see you all at the District Convention in August. Please join us Sunday morning at our non-denominational and memorial service as we pay our respects and say farewell to the members of our Kiwanis Family who have passed away since last convention.

Favorite Service Project: Serving thanksgiving dinner to the members of the Bowling Green Community.

Work: Manager of Human Resources, Wood County Committee on Aging

It is my honor to place my name into nomination for the open seat on the ODKF Board. My lengthy time in the Kiwanis Family has allowed me to see this wonderful organization from so many different perspectives. I think this ability is something that will truly benefit the ODKF. I am passionate about working together to make Kiwanis an entity that easily gives back to our communities.

Sometimes clubs struggle with resources or ideas and I think that this is where the ODKF can be of great benefit to our members. There is some great momentum currently underway within the ODKF. Have you heard about the 4 seasons of safe and healthy kids? Is your club interested in getting a grant to help offset the costs of your project? Having served for the past year on the ODKF board, I have been able to develop my knowledge of these and other programs and look forward to expanding the reach of the Foundation across this Mighty District. My passion to help Kiwanis and the ODKF make an impact runs deep. I hope to continue my work on the Foundation to make that impact meaningful.

Thank you for your consideration. #kidsneedkiwanis
There is no time like the present to start making plans to attend the 102nd annual Ohio District Kiwanis Convention. The weekend of August 9-11 will be an ideal time to visit The Lodge at Sawmill Creek Resort, in Huron, Ohio. Come a day early and take advantage of the golf course, nature walks, or visit Cedar Point.

The Ohio District of Kiwanis has a full agenda for the weekend, starting out with board meetings of the District Board, the Ohio Foundation Board and the last opportunity for President’s Certified Leadership Education on Friday afternoon. The evening provides an opportunity to meet the candidates for district offices (the Governor-Elect race is sure to be hotly contested!) then a fun social for our evening meal before kicking off into a lively Euchre Tournament.

Saturday brings educational sessions developed with you, the member in mind. Visit the Kiwanis merchandise to purchase a new shirt (or two) and place a bid on a gift basket in the Ohio Kiwanis Foundation’s "Basket Room".

Participation in the House of Delegates will select our District Leadership within the organization and delegates will have an opportunity to vote on a proposed amendment. The Saturday Banquet will provide our Governor an opportunity to recap the year and to recognize outstanding servant leaders.

Sunday morning brings the annual Memorial Service, as we recognize fellow Kiwanis Family members who have passed away since last year. A truly moving ceremony. Finally, we wrap up with a brunch hosted by the Ohio Kiwanis Foundation, service grants may be won by attendees, and their annual meeting will conclude with the election of a new board member.

A club mailing has been sent to all club secretaries and information may be found on the Ohio District website, www.OhioKiwanis.org
