District Secretary's Report

District Secretary

As this issue of the Ohio Kiwanis Newsletter is being prepared, district Kiwanians are preparing for our 92nd Annual District Convention. This year we will be meeting in Dayton, Ohio at the Crowne Plaza Dayton. The convention committee is working very hard to make sure you have an enjoyable convention experience. Please review this issue of the magazine in detail. It is full of information about the activities taking place August 14-16 in Columbus.

Club Dues Update

As of the last Unpaid Dues Report, published by Kiwanis International on June 9th, fifteen (15) of our District Clubs owe more than \$150.00 in dues and/or fees. I realize that some may have paid since that date, but a significant number still have not paid and they are in danger of not having delegates seated at the International and/or District Conventions. Please be sure your club is current when you come to either convention. We have ballot issues to be considered at the delegate session and we need your vote at convention to handle the business of Kiwanis International and the Ohio District.

Report of Club Elections

The deadline for return of the Report of Club Elections form to Kiwanis International and the Ohio District was June 1, 2009. Once again all clubs using the KiwanisOne monthly reporting system should have reported their 2009-10 officer's online using KiwanisOne. As of June 12th, only 112 Ohio Kiwanis clubs have submitted their report through KiwanisOne. This means that a significant number of our 262 Kiwanis Clubs have not yet filed this report. If your club has not submitted the form, please do so immediately. This information is critical as it is used to publish the International and District directories. In addition, the information is also used to build a database that will be used for future mailings to your clubs. Thanks for your prompt attention to this request.

2009 District Installation

Please be sure and mark your calendar for the Installation of our 2009-10 District Board. The Installation will take place on September 19, 2009 in Dublin, Ohio and details will be coming to your Club Secretary in early August. We will also post information online using our district website at www.ohiokiwanis.org. The first official meeting of our 2009-10 Kiwanis Board will take place on Sunday, September 20th. We hope to see you in Dublin in September.

Continued on page 18.

Ohio Kiwanis members, this is an exciting and challenging year to be serving you. Hopefully, many of you are making, if you have not already done so, your plans to join us and campaign and have fun in Nashville, at the Kiwanis International Convention, for the election of Ohio's Alan Penn to be KI Vice President. Make sure that your club sends its' two delegates for this very important election. For most Ohioans, it is only a 3 to 5 hour drive and it is a beautiful and historic town to visit.

The Ohio District web site has a new look and features. Please visit www.ohiokiwanis.org for information and set this as your home page. Look for your most recent newsletter for upcoming Kiwanis activities and events. Work is well under way on our new Business to Business site that will soon be linked to the district front page. If you are looking to network with a printer in Wooster, a florist in Toledo, or a Realtor in Cincinnati, or wish to invite a graduating Circle K or Key Clubber to consider Kiwanis membership, look for this new site coming soon!

Even with major budget cuts this year, the Ohio District could no longer postpone a dues increase. The annual \$8.00 or 67 cents monthly dues increase is the first since 1998. Some other districts have annual dues increases while most rarely go more than 3 or 4 years, while we have gone eleven years. The loss of over 4,000 members over the past eleven years, the drop of the stock market investments, and inflation over eleven years, leave us no choice to maintain quality service to our clubs and members.

The best way to avoid future dues increases and provide the vital service needed for our communities is through increased membership. Please help put a membership plan in place for your local club, help sponsor a new club to replace the missing hands of service from the loss of membership in other areas and leave a legacy of service for a new community, add a satellite to your current club to add members and help with service, and sponsor a new member for membership and service in your club. More hands mean more service.

First Lady Becky and I thank you for your donations and applications for grants on Pediatric Trauma through the Ohio District Kiwanis Foundation. More information and grant applications may be found at www.odkf.org. Also,

join us for the district golf outing that benefits the foundation on July 15th and 16th in Canton, Ohio

Please plan on joining us in Dayton at the Crowne Plaza Hotel on August 14th and 15th for the district convention. In addition to voting on the dues increase, delegates will elect a new Ohio District Governor Elect, Treasurer, Finance and Structure members, Foundation Board members and bylaws and resolutions to guide our organization. There are outstanding speakers and education sessions, and so much more.

Again, Becky and I wish to thank you for the opportunity to serve so many talented, dedicated, caring, hard-working individuals serving the communities and children of Ohio. You continue to touch thousands of lives and leave a legacy through the service of Kiwanis.

2011-12 International President from Ohio!

Delegates at the 2009 Kiwanis International Convention in Nashville, TN elected A. Alan Penn as Vice President.

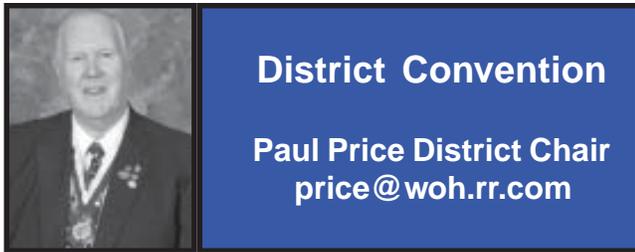

Alan served as Ohio's Governor during the 1999-2000 administrative year. He and his wife Jeri, are from Medina. Alan is a member of the Medina Breakfast and the All Ohio e-Medina club as well as the Tombstone, Virginia City Club.

Alan will be join the ranks distinguished Kiwanians from Ohio such as Edmund Arras (1923-24) Stanley Schneider (1976-77), Donald Williams (1985-86) and Walter Sellers (1997-98) who have served with honor and distinction in the office of President of Kiwanis International.

Alan is a retired school administrator and his wife Jeri is an elementary school teacher. Many may remember her First Lady's project of the Spinoza Bears that provided comfort and companionship to critically ill or abused children throughout Ohio.

This year's International President will be Paul Palazollo from Illinois-Eastern Iowa District, President-Elect Sylvester Neal from the Pacific Northwest District and the finally Alan Penn from Ohio as Vice President.

The entire district very please to continue our tradition of leadership and wish Alan and Jeri the very best as they continue their Kiwanis leadership.

Saturday is a busy day, starting with the Annual Meeting of our Foundation. During some free time be sure to take a chance by making a bid for some of those beautiful baskets in the Silent Auction area as well as taking a chance on a raffle or two. You may remember that the proceeds from these sales go to our First Lady's project, Pediatric Trauma. Our Kiwanis Family store will be open at the same time. Shirts and ties and pins and a little bit of a lot of items will be available for sale.

Our famous Kick-off luncheon program at noon has some “hot” Banjo music and the International Counselor will be sharing with us some words of wisdom and maybe Governor Kip might have a thing or two up his sleeve. Shortly after the meal ends, there will be many educational forums and then, after a mid-afternoon break, the voting takes place in the Delegate Conference.

Saturday night is always a highlight at any convention, as we recognize the Lt. Governors and other Board Members at the Governor's Banquet. There will be some receptions later that night.

Sunday morning is a chance to attend a Chapel Service that concludes with a Memorial Service, honoring deceased Kiwanian members since last year's convention.

District Dues Adjustment Proposal

At the District Convention in August, delegates will be asked to approve an increase in our district dues in the amount of \$8.00 per year. Some facts that you need to know about this increase are:

1. The last dues increase was approved in 1997
2. Since that time, membership declined 30%
3. Our district's reserves will be depleted in 2009
4. We have insufficient income to maintain services

The dues committee after an in-depth study concluded that a dues increase is necessary. Following that study, your district leadership took action to reduce expenditures.

Some of those actions included:

1. The district office was relocated to a smaller more efficient space
2. The District Board enacted "bare bones" budget amounting to a 20% reduction
3. Our Staff Assistant's hours were reduced

In determining the amount of the increase certain assumptions were made:

1. Inflation increasing at a rate of 2%
2. Loss in membership no greater than 2%
3. The District's return on investment shows improvement

We are often asked about what services are provided by the district office. A few of those services are:

1. Support of Officers, Board and Service Leadership Programs
2. Support for membership activities
3. Office and financial management
4. District Secretary is the Legal Statutory Agent for our corporations

Another question we are asked is how our district's dues compare to other Kiwanis districts. Briefly, we have the lowest dues among ten largest districts throughout Kiwanis International. Ohio is number five in the number of members. In a couple of cases, our dues of \$18.00 are less than 50% of what others pay.

We are asking that you support this dues adjustment so we can continue to provide services to our membership and continue to be a leader in providing service to our communities.

Simplifying Dues

Despite a time of global economic difficulties, planning and stewardship have positioned Kiwanis International in a strong financial condition. To help ensure that continues, the Kiwanis International Board is proposing Bylaws amendments that aim to simplify the dues-collection process and sustain financial stability.

A special task force of Kiwanis members studied Kiwanis International's revenue sources for the past year with a goal to provide the necessary flexibility to address changing needs while maintaining accountability to clubs and members. The International Board considered the group's recommendations and will forward four suggestions as proposed Bylaws amendments to the House of Delegates at the 2009 International Convention in Nashville, June 25-28. A fifth recommendation does not require Bylaws changes. The proposals include:

Develop an online billing system for annual club fees and new-member enrollments integrated with Kiwanis International's member database. Members would be able to update their own information 24/7, and club secretaries can process rosters and pay fees online, all via secure methods, though they would still have the option to mail paper copies if preferred. This aspect is key to the proposals, but does not require a Bylaws change to implement.

Establish a common annual billing cycle of October 1 to September 30. This would simplify the process by eliminating the confusion of staggered payment dates based

Grove City Kiwanian teaches at *Mi Refugio*

Betsy Mincey, of the Grove City Kiwanis Club has returned from a week of teaching this year, at "Mi Refugio" (My Refuge), San Pedro, Guatemala.

"Mi Refugio" is a nondenominational Christian ministry which provides free education, food, clothing and medical assistance to children and their families who live next to the Guatemala garbage dump and the Maya families that live in the villages surrounding the San Pedro school property.

The school also provides financial support to those children who attend school beyond the 6th grade. Mission Teams go 6 times a year to assist with construction, dentistry, education in English, computers and sewing skills.

For more mission information contact: www.mirefugio.org

on when each club organized.

Replace the word "dues" with "annual club fee" when it relates to what clubs pay to Kiwanis International. Members owe "dues" only to their clubs, while clubs pay an "annual club fee" to Kiwanis International.

Replace the current flat "new-member add fee" with a "graduated enrollment fee" schedule that decreases each month from a starting point of \$62 (the same amount currently charged for membership dues, magazine subscription, and liability insurance combined) down to \$6 at the end of the year.

Eliminate individual magazine fee waivers for spouses. Even though Kiwanis credits clubs \$8 for each waiver, Kiwanis still pays \$5 for each magazine not mailed in fixed costs that cannot be waived (staffing, article purchases, etc.) Members who do not receive benefit of this waiver absorb the costs.

These recommendations are designed to streamline and modernize the dues and fees collection process, use technology more efficiently for members and staff, and simplify club reporting requirements, making the jobs of club secretary and treasurer easier.

Kiwanis International has prepared a brochure with more information, which is available via <http://community.kiwanisone.org/media/p/9157.aspx>. Presentations are also scheduled at many midyear conferences to allow members to ask questions. Members are also encouraged to e-mail their questions to feedback@kiwanis.org.

Ohio Circle K: Working Hard for Ohio

The new administrative year for Circle K has been very busy. Our Spring Officers Training (SpOT) was held at OSU and we had 75% of Ohio clubs represented as well as a club-in-formation.

The board is busy working on committee assignments which will in turn be utilized in helping their clubs become stronger, bigger and able to reach out to others in need. One of the tasks they are working is surveying the 10 largest clubs in CKI to find out what they do to recruit and retain members. They hope to be able to pass on this information to all clubs in Ohio so they can beef up their membership rosters. Ohio is fifth in overall membership size, but 17th in per club membership. We plan on moving up in the ranks on that particular list.

The MAC and DCON chairs are working on developing conference that will provide real value to attendees, focusing on education, service and fellowship with a healthy dose of fun. The other committee chairs are working on materials that will enhance the Circle K experience by placing crucial and useful resources at the fingertips of all members.

We could not of course be doing so many amazing things without the support of our Kiwanis Clubs. Whether they sponsor a Circle K club or donate to KICK, we would be lost without Kiwanians. A special thank you goes to the following for donating to the KICK fund through the Ohio District Kiwanis Foundation: **Kiwanis Clubs of Chardon Area, Port Clinton, Western Mahoning County, Northridge, Gahanna, Lucasville, Cleves Three Rivers, Norwood, Gallipolis and Coldwater.** A special thanks to **Divisions 10S and 10W** as well as **Leroy and Marge Martin** for supporting KICK as well. Your gifts mean more than you can ever know.

I invite you make plans to join the Ohio District Circle K’ers for a day of service in Delaware. Our District Service Project or DSP will be in late September and additional information will soon be available on our website www.ckiohio.org. I promise you will enjoy the event and fellowship that comes from this day of serving others.

Real World-Real Money comes to Akron

Kiwanis Club of Akron members Barb Snyder, Kurt Winebrenner, Christy Ramsey, Ron Mitchell, Olivia Wakeling, Ron Ferre, Katie Rennard, Laura Brelin, Phil Stauffer, and Kara Hanzie joined Kwianians all around the world for Kiwanis One Day on Saturday, April 4th at the Boys & Girls Club of the Western Reserve. Club Kids and Kiwanians participated in an inter-active, educational program.

Real Money, Real World is an active, hands-on experience that gives young people the opportunity to make lifestyle and budget choices similar to those they will make as adults. Throughout the duration of the program, students assume the role of a 25-year-old adult who is the sole income provider for a family. They receive an occupation, monthly salary, and the number of children they are raising. Students learn to subtract savings, taxes, and health insurance amounts from their income. The amount of money left over is what they have to spend during the simulation activity. Kiwanis members represented actual businesses in the community; setting up and staffing booths representing real-life businesses and assuming the roles of Real Estate agents, Grocery Store Owners, Landlords, Car Salesmen, Child Care Providers and Financial Planners. By visiting the appropriate booths, students spend their salaries on items typically found in a monthly budget including housing, utilities, groceries, insurance, childcare, and transportation. Afterward, students reflected on their experience and what they learned.

Co-Chair Olivia Wakeling staffed the charitable contributions table and encouraged the children to think about supporting the organizations that they were passionate about, like the Boys & Girls Club.

Learning how to write a check....

Katie Rennard had the "Chance" table where the kids learned that life is full of unexpected happenings, both good and bad. The children developed valuable skills including how to write a check, balance a check book and set a budget to live within their means. Overall the event was very enlightening and highly educational for the students.

KIWANIS INTERNATIONAL PURSUING SECOND WORLDWIDE SERVICE PROJECT

NASHVILLE, Tenn. (June 27, 2009) – Kiwanis International, in 1994, made a pledge to help protect children from the scourges of Iodine Deficiency Disorders in its first Worldwide Service Project. Now, with the majority of the world's children protected against IDD, Kiwanis is inviting organizations, institutions and individuals to propose a project to become the global service organization's second worldwide service initiative.

"We live today in a world of need," said Kiwanis International President Don Canaday, of Fishers, Ind. "People suffer debilitating and deadly diseases that need treatment or cure. Children live in poverty and go hungry, absent access to education, help and hope.

"Today more than ever Kiwanis is needed to help ensure that families and children have food, clean water, a safe and secure shelter," said Canaday.

Solutions, Canaday added, will require many hands, many nations, many years, but small differences can set in motion a cascade of significant change. "One hand outstretched becomes two becomes four, becomes eight. Borders, boundaries and cultures are crossed and change becomes a cause, a commitment and, eventually, a cure," said Canaday.

In 1994, Kiwanis committed to help protect children against IDD, the leading preventable cause of lifelong mental and physical disabilities. Today, the organization, with its 8,000 clubs in 70 nations and geographic areas, is taking the next step in its journey to change the world for children and communities—Kiwanis is asking its members and others to propose its next Worldwide Service Project.

"Kiwanis has achieved its goal to virtually eradicate Iodine Deficiency Disorders," said Rob Parker, CEO of Kiwanis International. "Today, our partner in that effort, UNICEF (United Nations Children's Fund) estimates the number of households consuming iodized salt has jumped from 20 percent in 1990 to more than 70 percent today.

"There remain a few pockets of need and we will remain vigilant to keep moving that needle upward, but it's time now to begin to identify the next Worldwide Service Project where the helping hands of Kiwanis can help improve the life of children and communities," said Parker.

Kiwanis' Worldwide Service Project is a directed program that engages all of its youth and adult members to make a positive difference in the world by helping children in need.

Proposals, due by Oct. 1, 2009, are invited from members, organizations, agencies and institutions. Project criteria include:

- Involve a child-focused issue or problem
- Be compelling and relevant
- Involve both a global and a local level of participation and impact
- Include hands-on service and fundraising
- Address a virtually solvable problem or issue
- Support Kiwanis membership growth
- Lead to life-changing experiences

Make recommendations via the Kiwanis International Web site at: www.kiwanisone.org/wsp. Please provide the following in your proposal:

- Describe your project and how it matches the criteria (500 words or less)
- How does the project align with Kiwanis' mission? (200 words or less)
- How can youth participate in the project? (200 words or less)
- What percentage of the project involves hands-on service? (100 words or less)
- What percentage of the project involves fundraising? (100 words or less)

Kiwanis will accept nominations until Oct. 1, 2009, and will announce its second Worldwide Service Project in June 2010 at the organization's 95th annual convention in Las Vegas.

Help Potential Members Find You!

Help potential new members find your club Once your club Web site is live on the Internet, please submit<mailto:%20internet@kiwanis.org> the URL (Web site address) via e-mail to our Web team for inclusion in the Kiwanis International club locator<http://www.kiwanis.org/FindaClub/tabid/84/Default.aspx> (Find a Club). Include your club key number, club name, city/state and contact info in case we have a question.

Upon review and approval, your club will appear in searches for Kiwanis clubs in your area via the club locator on the public site. Your listing includes basic club meeting information, your Club Web site link (if provided), an option for users to map your club location in relation to the surrounding community and nearby clubs, and a link to the membership interest form. This club locator is great for prospective members wanting to find a Kiwanis club near their home or work, for analyzing club density in certain areas for growth strategy, and for travel and interclub planning.

Free photo downloads help tell the Kiwanis story

Clubs wanting a few good images showing children or adults helping children to use in their club print material or on their Web site are in luck. Go to www.KiwanisOne.org/images for full-color, print-ready professional images in jpeg format ready for download. Bonus: these images also are within Kiwanis graphic standards and photography philosophy.

Most images are about 9.5 inches x 14 inches, and easily cropped or reduced to smaller size for use in various collateral pieces or on the Web. The images are hand-selected by the Kiwanis International design team and supplied to clubs for promotion of their service projects. You, or a vendor working on your behalf, have permission to use this image for club promotional purposes mentioned. The select images will be rotated out at least once per year with new options, so bookmark www.KiwanisOne.org/images for new design resources next year.

The Image Library in [www.KiwanisOne.org's](http://www.KiwanisOne.org) Downloads also contain photos for use in promoting Key Club. Photos for promoting the other Service Leadership programs will be coming soon. Check back in April or May for CKI photos.

Mahoning Aktion Club Feeds the Hungry

The Mahoning Valley Aktion Club conducted a food drive for families in their community. They collected enough food to fill three large boxes for each of five families. Included in the do-

nations were: hams, onions, potatoes, carrots, lettuce, canned goods, desserts, paper products, hand soap and other generous contributions. Staff from the Mahoning County Board of MR/DD delivered the food to the families.

The club has attracted attention from other potential members, by their enthusiasm for this project.

Avon Lake Kiwanis uses “Kiwanis One Day” to help hundreds of Uganda’s Children

The Day was April 8, 2009. Our Kickstart Moneymaker pump arrived at Buhoma Primary School in Uganda to extend garden productivity and feed 400 children—not for a day, but every day. A one time cost of \$200 dollars works this miracle.

We’ve all heard the sad stories of disease, dictatorship, and drought. We know children in Africa are hungry, but how to help with problems of this magnitude with limited resources? “We think we have found a viable means by purchasing from the Kickstart organization”, says Pam Hoffmann, the Service Chairman for the Avon Lake club. But let’s start from the beginning.

With four growing seasons in Uganda and many other parts of Africa, the problem for food productivity is **water** for gardens during drought. Buhoma School garden is 22 feet from a creek which is a constant source of water, but there is no easy means to get the water up the hill to the plants.”

Enter Martin Fisher a mechanical engineer from Stanford and the founder of **Kickstart**. His goal is to end poverty in Sub-Saharan Africa—the poorest place on earth. Kickstart works to remove the root cause of poverty, lack of income, rather than focus on social services to alleviate the effects of poverty.

This is the type of service Avon Lake Kiwanis wants to be involved with. “With \$200 we can feed 400 students for a day, but the same money invested in a pump, allows the school to feed the children indefinitely” says Hoffmann. What a value with tremendous return.

Kickstart’s (www.kickstart.org) manual pump is transforming lives. Their efforts are well recognized. In 2003 Newsweek Magazine designated the **moneymaker pump** as one of **10 inventions that will change the world**. “This is no ordinary pump. It looks much like a stripped down step aerobic machine”, says Hoffmann. “It requires no electricity, and allows people to lift water up to 46 feet from a stream or river. Rural Africa has no electricity (pumps we use would be of no use). They have no sophisticated tools so repair of a c o m p l i c a t e d machine would be impossible”.

Much of Sub-Saharan Africa has only one growing season without irrigation. They have water in the dry seasons, just

no easy way to get it up hill to the garden/field. With this micro-irrigation device the average farmer no longer has to carry buckets of water. With adequate

water he increases his yield and makes over \$1000 profit per year, increases his net farm income 10 fold, and recovers the investment in 3 months (Kickstart statistics).

As of April, 2009 with the delivery of the Kickstart pump funded by Avon Lake Kiwanis, the children of Buhoma will no longer have to carry water or watch their food source wilt and die. The school will have water for the garden year around which will increase their yield dramatically.

The Kiwanis mission is to “change the world, one child and one community at a time”. Avon Lake Kiwanis is proud to use Kickstart’s innovation to live up to our mission,” says Hoffmann. Our Club purchased the Uganda pump for \$160 but wiring money to Kampala cost \$44 for a total of \$204.

This cost is within any club’s reach and we encourage participation by as many Ohio District Kiwanis Clubs as possible. By working within the Kiwanis organization we are able to be in contact with the people we help. We like it!

Baskets, Baskets, Baskets!

It's not too soon to be thinking about your club or division basket for the silent auction at the 2009 Ohio District Kiwanis Convention to be held in Dayton, Ohio, August 14-16, 2009.

Proceeds go to the First Lady's Project through the Ohio District Kiwanis Foundation.

THE OBJECTS OF KIWANIS

- * To encourage the daily living of the Golden Rule in all human relationships.
- * To promote the adoption and the application of higher social, business, and professional standards.
- * To develop, by precept and example, a more intelligent, aggressive, and serviceable citizenship.
- * To provide, through Kiwanis clubs, a practical means to form enduring friendships, to render altruistic service, and to build better communities.
