Kiwanis Club of the Golden Nuggets

July 11, 2017 Volume 4, Issue 6

## Members Discuss Happenings

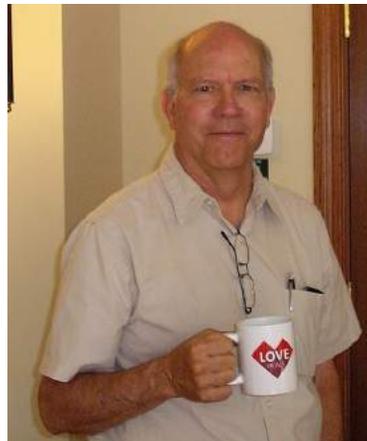

Left, Jolane Fenner reported she had a busy week. Dottie Imel was happy that to be at the meeting.

Helen Hall was also happy to be at the meeting. Timothy Enwall, Helen's son-in-law, will speak to our

club on July 11 about "Misty", a robot.

Dave Finlay wondered what year ice cream was invented. The internet answer was that China had a version in 200 BC made with milk and ice. In the 1500's, the King of England wanted the recipe kept secret because he did not want the commoners to have it. Helen said the best ice cream she has tasted was Russian. Russia has lots of cows and wonderful cream. Helen visited Russia in 1979 when President Carter did not let the U.S. participate in the Olympics. Helen has seen two Olympics. Dave's daughter and son-in-law have gone to Stow, VT for a conference. Dave said air conditioning was installed in his home. He has enjoyed the relief from the heat although Boulder's heat is not the same as Tucson's where the temperature can reach 90 degrees with 80 % humidity. Jolane said that in Minnesota, many people have hot water heat rather than forced air.

### Special points of interest:

- The next club meeting is the to be held Tuesday, July 11, 2017 at 9:00 AM at the Community Room of Frasier Meadows Retirement Center. The speaker will be Timothy Enwall. The presentation is entitled, "Misty".
- There was no meeting on Tuesday, July 4, 2017, because of the Fourth of July holiday.
- A fourth grader who uses a wheelchair will soon get to play on the playground with her friends. Her story helped convinced a panel of judges to award the Kiwanis Club of Mankato (Minnesota) \$25,000 worth of playground equipment in the Legacy of Play® Contest, sponsored by [Landscape Structures Inc.](#) and Kiwanis International.

Trivia Question courtesy: <http://www.triviacountry.com/> How long-- in feet---is the trunk of the average full-grown elephant? Answer below.

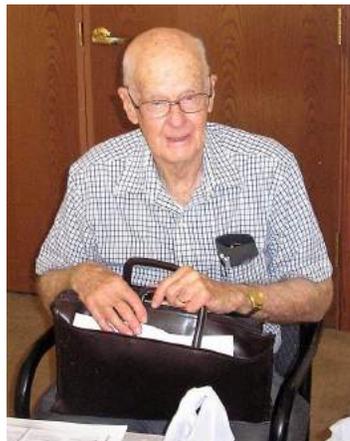

Left, Kirsten Cox.

Jess Kadel entertained the group with many humorous sayings.

Rogers Coke had fun on his trip to North Carolina. Cameron, Rogers' grandson, graduated from high school on June 10<sup>th</sup>. Cameron is going to attend East Carolina University whose school colors are purple and gold, the same as Boulder High School's colors. Rogers related a strange condition where the natural birth mother of children does not share the same DNA as the children have. Rogers also related a story of how a male spider has two "paddles" at the of two legs. The paddles help the spider determine if a female spider is friendly or not. Helen said she sometimes sees spider webs as far as one can see at night near her home. Jess said spiders are amazing as they can shoot their strings of silk 20 feet. Jess saw a film at the Imax Theatre called, "Predators", which he recommends.

Carol, Rogers' wife, had fun at a quilt fabric store in Paducah, KY named, Hancock's of Paducah. They also visited the Rock and Roll Hall of Fame in Cleveland, OH.

Helen remembered a trip to Turkey where she purchased a pair of shoes. Unfortunately, because of the weather and the shoe material, the shoes turned to dust.

Right, Charles Hadley led the meeting.

Trivia Answer: A: 8 feet.

**Kiwanis is a global organization of volunteers dedicated to changing the world one child and one community at a time.**

Club Officers:

President: Charles Hadley

Vice President: Jess Kadel

Treasurer: David Finlay, Secretary: Rogers Coke

Our club meets every Tuesday at 9:00 AM at Frasier Meadows Retirement Center, 350 Ponca Drive, in Boulder. For information, contact Rogers Coke, (303) 444-1924.
