They really did in the 16th century. <i>Humble pie</i> was originally <i>umble pie</i>, a pastry made of the wild animal's heart, liver, & entrails. After a hunt, the nobility would eat the finer cuts of meat, leaving the huntsmen to be content with the more humble offering. I imagine most of us have eaten more than our share of humble pie.</p>	<p>POST-THANKSGIVING PIE TRIVIA</p> <p>Why do we say doing something is as easy as pie, when anyone who has ever tried to make a pie crust from scratch know it's anything but easy?! The origin of this cliché goes back to a late 19th century catch-phrase, <i>easy as EATING pie</i>. Now THAT makes sense! Hope you enjoyed eating yours.</p>	<p>CHILDREN & YOUTH Kent Brown</p> <p>INTERNATIONAL Wil Stutheit</p> <p>INTERCLUBS Bill Ferguson Byrd Curtis</p> <p>TOY PROJECT FUND RAISING Lloyd Wilson</p>

Make sure you read all the statistics.

This has only been 106 years ago....amazing!!!

The year is 1910, over one hundred years ago. What a difference a century makes!

Here are some statistics for the Year 1910:

The average life expectancy for men was 47 years.

Fuel for this car was sold in drug stores only.

Only 14 percent of the homes had a bathtub.

Only 8 percent of the homes had a telephone.

There were only 8,000 cars and only 144 miles of paved roads.

The maximum speed limit in most cities was 10 mph.

The tallest structure in the world was the Eiffel Tower!

The average US wage in 1910 was 22 cents per hour.

The average US worker made between \$200 and \$400 per year.

A competent accountant could expect to earn \$2000 per year,

A dentist \$2,500 per year, a veterinarian between \$1,500 and \$4,000 per year,

And a mechanical engineer about \$5,000 per year.

More than 95 percent of all births took place at HOME.

Ninety percent of all Doctors had NO COLLEGE EDUCATION!

Instead, they attended so-called medical schools,

Many of which were condemned in the press and the government as 'substandard.'

Sugar cost four cents a pound.

Eggs were fourteen cents a dozen.

Coffee was fifteen cents a pound.

Most women only washed their hair once a month, and used Borax or egg yolks for shampoo.

There was no such thing as under arm deodorant or tooth paste.

Canada passed a law that prohibited poor people from entering into their country for any reason.

The five leading causes of death were:

1. Pneumonia and influenza
2. Tuberculosis
3. Diarrhea
4. Heart disease
5. Stroke

The American flag had 45 stars.

The population of Las Vegas Nevada was only 30!

Crossword puzzles, canned beer, and iced tea hadn't been invented yet

There was no Mother's Day or Father's Day.

Two out of every 10 adults couldn't read or write

and only 6 percent of all Americans had graduated from high school.

Eighteen percent of households had at least one full-time servant or domestic help.

There were about 230 reported murders in the ENTIRE U.S.A. in 1910.

Almost everyone owned a gun!

I am now going to forward this to others without typing it again!

From there, it will be sent to even more folks all over the world...all in a matter of seconds!

Try to imagine what it may be like in another 100 years!!
