**"Lessons from Geese"**

1. As each bird flaps its wings, it creates an uplift for others behind it. There is 71 % more flying range in V -formation than flying alone.  
*Lesson: People who share a common direction and sense of common purpose can get there more quickly.*
2. Whenever a goose Dies out of formation, it quickly feels drag and tries to get back into position.  
*Lesson: It's harder to do something alone than together.*
3. When the lead goose gets tired, it rotates back into formation and another goose flies ahead.  
*Lesson: Shared leadership & interdependence give us each a chance to lead as well as opportunities to rest.*
4. The geese in formation honk from behind to encourage those up front to keep up their speed.  
*Lesson: We need to make sure our honking is encouraging and not discouraging.*

### One Liners to make you Smile

Q: What do you call two fat people having a chat?

A: A heavy discussion.

Q: Why did the tomato turn red?

A: It saw the salad dressing!

Q: Did you hear about the painter who was hospitalized?

A: Reports say it was due to too many strokes.

Q: What did the triangle say to the circle?

A: You're pointless!

Q: What's easy to get into, but hard to get out of?

A: Trouble.

Q: Have you heard the joke about the butter?

A: I better not tell you, it might spread.

Q: Why was the math book sad?

A: Because it had too many problems.

Q: Why can't a leopard hide?

A: Because he's always spotted!

Q: Why did the barber win the race?

A: Because he took a short cut.

Q: Can February March?

A: No. But April May.

### MORE ENGINEER JOKES....

What is the difference between mechanical engineers and civil engineers?

Mechanical engineers build weapons.

Civil engineers build targets.

*Normal people believe that if it ain't broke, don't fix it. Engineers believe that if it ain't broke, it doesn't have enough features yet.*

An engineer was crossing a road one day, when a frog called out to him and said, "If you kiss me, I'll turn into a beautiful princess." He bent over, picked up the frog, and put it in his pocket.

The frog spoke up again and said, "If you kiss me, I'll turn back into a beautiful princess and stay with you for one week."

The engineer took the frog out of his pocket, smiled at it and returned it to the pocket.

The frog then cried out, "If you kiss me and turn me back into a princess, I'll stay with you for one week and do anything you want."

Again, the engineer took the frog out, smiled at it and put it back into his pocket.

Finally, the frog asked, "What is the matter? I've told you I'm a beautiful princess and that I'll stay with you for one week and do anything you want. Why won't you kiss me?"

The engineer said, "Look, I'm an engineer. I don't have time for a girlfriend, but a talking frog - now that's cool."

### THOUGHT FOR THE WEEK:

**Don't worry about getting older. You're still gonna do dumb stuff, only slower.**
