A DROP IN THE BUCKET

What I say does not matter. My influence is not even one little drop in the bucket!" Have you ever heard that said, or felt that way yourself? Well, do not be too sure of that. It all depends on what the drop is, and what is already in the bucket. One little drop of water falling into a bucket of acid may cause an explosion. One drop of germ culture may change the contents of the bucket in a few hours. A speck of yeast introduced into the dough will leaven the entire mixture. One drop of disinfectant may neutralize a whole bucket of poisonous material.

A "drop in the bucket" is not at all unimportant. It may be of very great importance in the result it achieves.

GROAN....

I was visiting a theme park on an extremely windy day; so I stood inside and looked out to see what, if anything I could do. The park's custodian was a really tiny woman, less than 5' and slender, and she was having a hard time trying not to get blown away with the leaves she was trying to clean up. I went out & suggested she put rocks in her shoes as she tried to work in such a wind. "You mean," she said, "Now I weigh me down to sweep?"

Senior Adult Kiwanian Costello
Buys a Computer

Abbott: Super Duper computer store. Can I help you?

Costello! Thanks. I'm setting up an office at home for my Kiwanis club and I'm thinking about buying a computer.

A: Mac?

C: No, the name's Lou.

A: Your computer?

C: I don't own a computer. I want to buy one.

A: Mac?

C: I told you my name's Lou.

A: What about Windows?

C: Why? Will it get stuffy in here?

A: Do you want a computer with Windows?

C: I don't know. What will I see when I look at the windows?

A: Wallpaper.

C: Never mind the windows. I need a computer and software.

A: Software for Windows?

C: No. On the computer! I need something I can use to write reports, track the club's finances. That sort of thing. What do you have?

A: Office.

C: Yeah, for my office. Can you recommend anything?

A: I just did.

C: You just did what?

A: Recommend something.

C: You recommended something?

A: Yes.

C: For my office?

A: Yes.

C: OK, what did you recommend for my office?

A: Office.

C: Yes, for my home office!

A: I recommend Office with Windows.

C: I already have an office with windows! OK, let's just say I'm sitting at my computer and I want to type a report. What do I need?

A: Word.

C: I know. I get the word from our President.

A: No, Word in Office.

C: The only word in office is office.

A: The Word in Office for Windows.

C: Which word in office for windows?

A: The word you get when you click the blue "W".

C: I'm going to click your blue "w" if you don't start with some straight answers. What about club finances? You have anything I can track our giving, our money with?

A: Money.

C: That's right. What do you have?

A: Money.

C: I need money to track my money?

A: It comes bundled with your computer.

C: What's bundled with my computer?

A: Money.

C: Money comes with my computer?

A: Yes. No extra charge.

C: I get a bundle of money with my computer? How much?

A: One copy.

C: Isn't it illegal to copy money?

A: Microsoft gave us a license to copy Money.

C: They can give you a license to copy money?

A: Why not? They own it!

(A few days later)

A: Super Duper computer store. Can I help you?

C: How do I turn my computer off?

A: Click on "Start" •.....•...
