### ACTIVITY NAME

### The Farmers

### SUPPLIES NEEDED

- Drawing/writing utensils
  - Cut out of People
- White board or large sheet of paper
- Power Point of all different kinds of farmers

### TIME ESTIMATE

- 30 minutes to an hour
- Ideal for facilitating at a small school with one on one attention

### ACTIVITY SUMMARY

Have students design what they think a farmer looks like. When designing what they think the farmer looks like, they should be getting an idea of what their farmer grows. In this area we grow Chile, Vegetables, and grow animals for the families to eat off during the upcoming years.

### **What do “Real” Farmers do:**

- A farmer “is a person engaged in agriculture, raising living organisms for food or raw materials”
- Different farmers raise field crops, orchards, vineyards, poultry, or other livestock

### **What is the purpose?**

- To feed many people
- To produce clothes

### **What do Farmers live on?**

- Money wise– They live off the money they make on producing the food/ cotton they get a small amount back for it. It helps feed their children and families.
- Life style– Barns, Ranches, and have a bunch of live stock
- Supplies they have– tractors to help accumulate all the mass food they have.

### **How do farmers reflect leadership?**

- They serve others in their community through producing necessary goods and services
- They oversee their own farm (similar to a business)

# DISCUSSION QUESTIONS

Review these questions with the whole group. Give everyone a chance to share their thoughts with the rest of the group and be heard. Feel free to add any other questions you want to ask as well! The primary point of these questions is to highlight how different qualities can be associated with a leader, and how there are different ways to get there.

- What did everyone think of the activity?
- Were your thoughts about farmers similar to what they actually do?
- How might a farmer be a leader on their farm?
- How can the farmers make lives better for other people?
- Do you have any animals at home? How can you be a leader with these animals?
- What kind of clothing did you put your farmer in?
- What did you put that your farmer grows?
- Why do you think everyone had different ideas?
- Do all of your farmers have anything in common (besides being farmers)?
- What does this say about leadership?
- Any other thoughts?
